MINUTES

OF THE

ANNUAL MEETING OF THE MEMBERS

...OF...

THE MOUNT SINAI HOSPITAL OF THE CITY OF NEW YORK

HELD JANUARY 29TH, 1905.

The President, Mr. Isaac Wallach, in the Chair. The full Board and a quorum present.

The reading of the minutes of the last annual meeting as well as the reading of the Treasurer's report was, upon motion, dispensed with.

The President read his report, whereupon it was moved, seconded and carried that said report be printed and mailed to the members of the Hospital.

The following alterations in and additions to Articles III and IV of the Constitution on THE SOCIETY and on ENDOWED BEDS AND ENDOWMENTS recommended by the Board of Directors, and of which notice was given to the members in accordance with Article X of the Constitution, were submitted for adoption:

Insert in Article III, page 5, line 10, the words "not less than," so that the paragraph shall read as follows:

"The annual dues of Donors shall be not less than \$100, payable on the first day of January in each year."

Make provisions for another class of contributors to be called "Associate Donors," by inserting in Article III, page 5, after line 9, another paragraph to read as follows:

"The annual dues of Associate Donors shall be \$50, payable on the first day of January in each year."

Strike out the last paragraph of Article IV and substitute the following:

An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than Ten Thousand Dollars."

It was moved, seconded and unanimously carried to adopt the alterations in and additions to Articles III and IV of the Constitution as submitted.

Mr. Julius Frank made a motion that the thanks of the members of the Hospital be tendered to the Officers and Board of Directors for their work during the year, and prefaced the motion with a warm endorsement of the Hospital's administration. This motion was heartily seconded by Mr. Jacob H. Schiff, who dwelt upon the necessity of maintaining the high ideals for which the Institution stands. After the motion had been put and carried President Wallach addressed the meeting and expressed his appreciation of the support accorded to the Officers and Directors by the members of the Hospital.

The meeting then adjourned for the purpose of proceeding with the election of Officers and Directors.

PRESIDENT'S REPORT.

NEW YORK, January 29th, 1905.

To the Members of the Mount Sinai Hospital:

From the viewpoint of its present maturity, we may look back upon the development of our Institution and may consider with satisfaction its steady growth in size and in efficiency.

Its life thus far falls, like that of man, into three natural divisions or epochs. First, its infancy. This period continues from the erection of the Hospital on Twenty-eighth Street in 1853 up to 1873, the opening of the second stage, which may be termed its youth. The beginning of this phase in the career of our Hospital was marked by the completion of the buildings at Lexington Avenue and Sixty-seventh Street, and extended from the year 1873 to 1904—a time of steady development and increasing activity. In 1904, our Institution arrived at its maturity, and we hailed with joy the flowering of its strength and vigor into splendid manhood. We fitly celebrated this consummation and fulfilment of the fond hopes of many years by throwing wide the portals of a new home for a hospital of unlimited opportunities, of facilities in service and of scientific perfection second to those of no institution of its kind in the world.

Although up to this—its period of manhood—the life of our Institution has been parallel to the development in human life, it is our fervent prayer that its future may be widely divergent from the fate and fortune of mortal man. May it never sink into the weakness of age nor suffer death, but may the years bring increased vigor to its existence, so that with the eternal principles which it represents—charity, duty and love of fellow-man—it may have life everlasting.

It is you who have contributed the means which have made this glorious achievement possible. Surely then, we may hail you to-day as thrice welcome to these magnificent structures, and may offer you these annals of the past year in the hope and belief that you will find recompense for your generosity in the knowledge that you have provided better opportunities for

the care of the sick and afflicted in our community—a cause which appeals so strongly to the best sympathies of the human heart.

Patients treated in the Outdoor Department....	128
Accident cases.....	672

A total of..... 47,743

to whom the benefits of our Institution were extended.

We moved into the new Hospital last March. During the months of January and February, our service was largely diminished in the old Hospital; during the months of March, April and May, we were running our departments much below the present status, both in the private and general pavilions of the new Hospital. With the fuller service already introduced, the next year will show a much larger number of patients cared for in our Institution.

From the following statistics, a general idea may be formed of the magnitude of our household and of the organization of the Hospital:

The internes, patients, nurses, house officers, house staff and employees, who lodge and board in the Hospital, aggregate at present over 700 persons. Adding the Consulting, Attending, Adjunct Attending and Dispensary Medical Staffs, our present organization indicates a total of 835 persons. When our departments are in full operation, the additional patients and nurses and other employees required for the increased service will swell the entire number to 1,050 persons. In this calculation, the 400 patients treated daily in our Dispensary are not included. Considering these, our daily roll call will represent over 1,500 patients, attaches and employees in the entire service.

Provisions of this character, for the benefit of the public, justly entitle the management of the Hospital to larger support.

SPECIAL GIFTS.

From our Treasurer, Mr. E. Asiel, \$10,000, in addition to a donation of \$10,000 made last year, to endow a room with four beds in perpetuity in memory of his departed wife, Lina Asiel.

From our Director, Mr. Adolph Lewisohn, the sum of \$15,830 for the equipment of the Pathological Building; also \$3,000 for support of the Pathological Service for eight months.

From Mr. Henry L. Einstein, \$2,877.03 for the cost of furnishing the Children's Pavilion.

From the Mount Sinai Hospital Alliance, for the care of the Solaria, \$400.

These generous gifts are recorded with a sense of deep gratitude.

DEDICATION.

The new buildings were dedicated on the fifteenth of last March, and public receptions for visitors were held in the afternoons and evenings of that and the next day.

At the laying of the corner stone (when our celebration took place in the open) we were able to welcome to the ceremony as many of those interested in our Hospital as desired to come. Our dedicatory exercises were, of necessity, held indoors, and since we had no hall or assembly room which could accommodate our members and friends generally, we were obliged, to our regret, to conduct the ceremonies privately under the auspices of a special meeting in the Directors' Board Room. At this special dedication meeting, there were present his Excellency Governor Odell, Lieutenant-Governor Higgins, President Fornes, of the Board of Aldermen, representing his Honor the Mayor of the city of New York; Chamberlain Keenan, of the city of New York; Dr. A. Jacobi, President of the Medical Board; Hon. Edward Lauterbach, Counsel of our Board; Mrs. M. H. Moses, President of the Ladies' Auxiliary Society; Mr. Benjamin Paskus, President of the Associate Membership Committee; Mr. Theodore H. Long, President of the Mount Sinai Hospital Alliance; Mr. Kalman Haas, President of the Mount Sinai Training School for Nurses; Reverend Drs. Silverman, Schulman, and De Sola Mendes; Mr. Arnold W. Brunner, the Architect, and Mr. William Schickel, the Consulting Architect of the buildings, and the Board of Directors.

The exercises were opened with prayer by the Rev. Dr. Schulman; Mr. Joseph Fox, Vice-Chairman of the Building Committee, presented the keys to the President of the Hospital on behalf of the Chairman, Mr. Isaac Stern, who, unfortunately, was detained at home by illness.

The President received the keys for the Board of Directors with suitable remarks. Addresses were made by his Excellency Governor Odell, President Fornes and the Hon. Edward Lauterbach. Rev. Dr. De Sola Mendes delivered the invocation and the Rev. Dr. Silverman the closing prayer. All these addresses are printed in full in this, our annual report.

The receptions in the afternoons and evenings of the same and following day were a great success. No less than 60,000 persons visited the buildings and were escorted through them by members of the Ladies' Auxiliary Society, the Alliance, the Associate Membership Committee, the Mount Sinai Alumnae Association of Nurses, the Associated Alumni of the Mount Sinai Hospital, and by the representatives of the Attending, Adjunct Attending and Dispensary Staffs.

Public opinion, even after the most careful and detailed inspection, was unanimous in its approval of the marvelous appointments and arrangements of what is considered the best constructed and most perfectly equipped Hospital of our time.

COMMITTEE ON NEW BUILDINGS.

The Committee on New Buildings, composed of Mr. Isaac Stern, Chairman, and our Directors, Messrs. Fox, Nathan, Oppenheimer, Lewisohn, Rothschild and Wallach, have made their final report, from which we append the following extracts:

New York, November 10th, 1904.

"The undersigned, your Committee on Buildings, having concluded their task of superintending and directing the construction of the new Hospital, beg to submit their final report.

"The total amount expended for the erection of the completed buildings, comprising the original contracts, all subsequent additions and alterations, also all items properly chargeable to construction, such as wages for clerks and watchmen, light, fuel and cost of insurance during the period from January, 1901, to November 10th, 1904, is \$2,070,208.17, as per detailed statements herewith submitted.

"To verify and audit this expenditure, your Committee employed the firm of Touch, Niven & Co., practical accountants, to examine the contracts, vouchers and all payments authorized by the Committee up to May 31st of this year, when the principal part of the work had been completed. Their report, which is herewith annexed, accounts for the sum of \$2,033,633.40, authorized and expended by this Committee to that date.

"Since the date covered by the accountants' report, the Committee have authorized and expended \$36,574.77, showing a total cost of construction to date of \$2,070,208.17.

"The Committee, having completed their labors, now ask to be discharged, and in so doing desire to thank the Board of Directors for the

great honor conferred upon them in entrusting this great work to their care. They also desire to acknowledge the cordial and unfailing support given to them in the fulfilment of their duties during these trying years; it has stimulated and strengthened them in their efforts, and they trust that the results achieved will merit the approval of yourselves and of our constituents."

The stupendous work performed by this Committee, under the able leadership of its Chairman, Mr. Isaac Stern, and the guidance of our Architects, Messrs. A. W. Brunner and William Schickel—work which covered a period of nearly three years—can only be appreciated by an inspection of the completed buildings. Any attempt to describe the details of the responsible and arduous duties devolving upon this Committee would be futile. The successful result of their endeavors gives proof of the good judgment and faithful supervision exercised by them.

COMMITTEE ON EQUIPMENT.

The equipment of the various buildings and departments of this large plant was a work which called for minute attention and most careful and comprehensive consideration. The Committee in charge, Mr. David Wile, Chairman, and our Directors, Messrs. Gitterman, Levi, Isaac Stern, Heidelberg, Guggenheim and Emsheimer, completed their work with credit and to the satisfaction of the lay and medical boards. They were ably assisted in their selection of medical appliances, ward furniture and articles required for all the medical departments, by Drs. Howard Lilienthal, N. E. Brill and Henry Koplik, who were appointed by the Medical Board as its representatives on the Equipment Committee.

The final report of this Committee shows that the total amount expended was \$134,536.34, from which deducting \$15,830 paid by Mr. Adolph Lewisohn for equipment of the Pathological Building, \$2,877.03 paid by Mr. Henry Einstein for the furnishing of the Children's Pavilion, the sum of \$6,000 contributed by Mr. Henry Goldman for surgical instruments in the Operating Room, and \$2,500 paid by Mr. James Loeb for the electrical equipment of the Neurological Department, leaves the sum of \$107,329.31 as the net cost of equipment.

COMMITTEE ON SUBSCRIPTIONS FOR THE BUILDING FUND.

This Committee, consisting of Mr. Kalman Haas, Chairman, and our Directors, Messrs. David Wile, Joseph Fox, Emil S. Levi, Isaac N. Heidelberg and Meyer H. Lehman, made their final report last spring, and were discharged with the thanks of our Board. It appears that the total amount collected by them from voluntary subscriptions and from special dedications was \$1,438,793.76, which sum was placed at the disposal of the Committee on New Buildings.

The commendable manner in which this important trust was managed deserves special mention.

HOSPITAL PLANT.

The entire cost of site, construction and equipment of the new plant aggregates \$2,752,565.91. This entire amount has been paid for from the following sources:

General subscriptions.....	\$938,278.76
Children's Pavilion, dedicated by Mr. Henry L. Einstein, to the memory of his son, Lewis Einstein.....	125,000.00
Private Hospital, dedicated to the memory of Barbara Gugenheim by her husband and children	200,000.00
Dispensary Building, dedicated to the memory of Mayer Lehman by his children.....	93,315.00
Pathological Building, erected by Mr. Adolph Lewisohn...	65,830.00
Genito-Urinary Ward, dedicated to the memory of Joel Goldenberg, by provision in his will.....	120,000.00
Male Surgical Ward, dedicated to the memory of Isaac Blumenthal by Messrs. Alfred, Gustave, Hugo, Benjamin and George Blumenthal.....	50,000.00
Operating room, dedicated to the memory of Bernhard Stern by Mr. Benjamin Stern.....	20,000.00
Room, dedicated for the benefit of the Alumnae of the Mount Sinai Training School for Nurses by Mr. Max Nathan	10,000.00
Room, dedicated to the memory of Lina Asiel by her husband, Mr. Elias Asiel.....	20,000.00
Room, dedicated by District Grand Lodge No. 1 of the Free Sons of Israel.....	10,000.00
From sale of Hospital property on Lexington Avenue.....	425,000.00
From bequests, perpetual, memorial and life beds, funds belonging to the Permanent Fund (to which it should be restored when the financial condition of the Hospital permits)	675,142.15
Total.....	\$2,752,565.91

Though the entire plant is paid for, the support of the Hospital now becomes an all-important problem for our solution. When all the departments are opened to their full capacity, it will take fully \$300,000 per annum for maintenance. To meet this, our annual membership must be increased to yield at least \$50,000 more than at present.

The cause represented by our Institution is a most sacred one. It stands for the preservation and prolongation of human life, surely a most worthy mission. Who of you, when afflicted with sickness, has not appreciated the soothing influence of kind surroundings and experienced a just sense of gratitude for those who have ministered to your comforts, and have aided you in the recovery of that invaluable treasure—good health? And what has been done in such single instances for the individual, the Hospital has accomplished for many thousands who could have found no other haven in which to rest a while and gather strength to make another and firmer stand in their bitter struggle for existence. Should not every one desire to aid in this noble work, and thereby share the fervent blessings of those to whom the Mount Sinai Hospital has ministered, and whose unending gratitude it has won?

To assist in maintaining our Hospital is more than a duty—it is a privilege as well. It elevates and should bring joy to man to realize that he has done good unto others, and that he has consecrated at least a part of his life to unselfish aims and purposes. And from a more practical standpoint—that of scientific advancement—the Hospital deserves all possible support. Have not numerous discoveries been made in hospital work, which have been instrumental in saving the lives of many dear ones? This more personal consideration must instinctively touch every man. Thus, from all possible points of view, whether personal or general—practical or sentimental, the Hospital has claims upon us. No one able to share in its work should disregard this duty.

Our income, which depends mainly upon annual contributors, is far from sufficient for the support of our Institution. We appeal most urgently to those in our community who, though able, have thus far been apathetic to this cause; we appeal to all Israelites in our community to aid in maintaining an institution, which has achieved its present high

standard for non-sectarian benevolence and scientific advancement for the benefit of the rich and the poor; we appeal to our members, one and all, to aid us in enlisting and enrolling, as contributors, those whom we have been unable to reach. Let us not appeal in vain!

The result showing \$91,757.50 receipts from this

source this year as against \$76,005 in 1903, gives proof of their vigorous management and faithful attention. A large part of this increase should be credited to their individual work. In addition thereto, they have acted in an advisory capacity to the Associate Membership Committee, and with this co-operation they have conducted to the gratifying result achieved by that Committee, to which reference is hereinafter made.

\$440.00

An institution like ours necessarily depends in part upon voluntary contributions, especially at the present time when its evolution into the larger field, which it now occupies, entails increased expenditures without a corresponding increase of income.

We express the thanks of our Board to those who have aided us in our need during the past year.

PERPETUAL BEDS.

Perpetual Beds were dedicated during this year to the memory of:

- 1,000- Marcus L. Stieglitz, by his wife, Sarah Stieglitz.
- 500- Edward J. King, by his wife, Rosalie King.
- Joseph Freedman, by his son, Andrew Freedman.
- By the District Grand Lodge No. 1, Independent Order Free Sons of Israel, one additional bed.

MEMORIAL BEDS.

- 1,000- In memory of Charles Edward Heimann, by his parents, Julius and Ida Heimann.
- 500- In memory of Joseph E. Heimerdinger, dedicated by his sisters and brother.
- 500- In memory of Samuel R. and Jane Jacobs, dedicated by their children.

These tributes of affectionate regard also provide for the practical—an offering for benevolent purposes, blended with the sentimental thought of perpetuating the memory of the departed.

LIFE BEDS

were founded by:

Miss May Valentine Stern, to be known as "The May S. Hahlo Life Bed."

Miss Lucile Michels Stern, to be known as "The Lucile M. S. Wertheim Life Bed."

Since the close of the fiscal year, a Perpetual Bed was founded by Mr. and Mrs. Eugene Meyer. We appreciate their good will toward our Institution.

DEATHS.

All material life ends with death, which severs man bodily from those who have been his companions in the inner circle of home and friends, as well as from those in the wider sphere of communal and public life. The spiritual—the sentimental, created by our good deeds, remains forever a lasting monument to justify the tribute which the living pay to the departed.

It is in due recognition of the benevolence of those who have gone hence during the past year that we record the deaths of the following members of our Institution:

May their example be a heritage and a blessing to those who were dear to them and who mourn their loss.

Anthony Wallach, one of our Directors from 1887 to 1888, departed this life on the 9th of March. During his connection with our Hospital and thereafter, up to the time of his decease, he was a faithful friend and supporter of our Institution, in the welfare and activities of which he had always taken a deep interest.

Dr. Montefiore L. Maduro, one of the Anaesthetists of the Hospital, died on the 22d of October. He was diligent and faithful in his service, and his death is a loss to our Institution. By resolution of our Board, expressions of sympathy were conveyed to his family.

Dr. David Froehlich, who was Admitting Physician of our Hospital for many years, died last July. During his official connection, and thereafter, he was at all times warmly attached to our Institution.

We expressed our sincere sympathy to his family, with sentiments of our respect for the departed.

The Directors of the Mount Sinai Hospital assembled in special meeting on Monday, the 8th of last February, upon the announcement of the death of Louis Gans, their former colleague, made minute of their sentiments on the sad occasion which called them together:

LOUIS GANS was a Director in our institution from 1879 to 1889, when, actuated by his desire to aid in the building up of The Montefiore Home and prompted by his sense of duty, he severed his official relations with our Hospital, though his sympathies for and interest in our cause ceased only with the pulsations of his great heart, which took within its fold the suffering and unfortunate of every class.

Endowed with noble attributes, unassuming in his personality, his generous nature prompted him to help wherever help was needed for the uplifting of the lowly and for the relief of the distressed. A God-like man, he bore his trials with unshaken faith, in keeping with the altruism for which he was so distinguished, and which he constantly exemplified by his effacement of self and his deep concern for the welfare of others.

A leader in the ranks of our communal organizations has been stricken down, and we, mourning with those in his family circle and our sister institution, The Montefiore Home, with which he was so prominently and actively identified, share in their irreparable loss.

His life's work will stand as an enduring monument, as a type of unexcelled nobility. His memory will be enshrined in the hearts of the living, an inspiration and a blessing for all time.

It was resolved that these resolutions be published, that a copy be sent to his family with expressions of our deep sympathy, that the flag of the Hospital be lowered to half-mast until after his funeral, and that the Directors in a body attend the obsequies of their lamented colleague.

At a special meeting of the Directors of the Mount Sinai Hospital, held on Thursday, the 12th of last February, announcement was made of the sudden demise of

SIMON BORG,

the President of the Home for Aged and Infirm Hebrews, whereupon the following resolutions were adopted and entered in the minutes of the Board:

Again the summons has gone forth, and death has ruthlessly removed from among us a man who will be sadly missed, and whose taking away has created a lasting void.

SIMON BORG, as the honored head of our sister institution,

though specially in the care of the aged and infirm, was also prominently identified with all our charitable causes.

An upright man, kind in disposition and broad in his sympathies, his wise counsel and good judgment invariably commanded deserved respect from the representatives of our communal organizations and from all others with whom he came in contact.

We deeply deplore his loss and tender to his bereaved family and to our sister institution, the "Home for Aged and Infirm Hebrews," our sincere sympathy and condolence.

It was ordered that these resolutions be published, a copy thereof sent to his family, and that as a mark of our respect, the Directors of the Hospital be requested to attend the funeral of the departed.

Meyer S. Isaacs, President of the Baron de Hirsch Fund, died on the 27th of last May. He was an important factor in the development of our charitable organizations, and took particular interest in educational and technical work for the advancement of the young, with the object of preparing them to become self-reliant and self-sustaining. Specially fitted for intellectual work, his efforts produced marked results in the propagation of ideas and in the establishment of societies to put them into practical effect. He will be sadly missed by all who knew him, and who justly recognized his sterling character.

Joseph B. Bloomingdale, former President of the Hebrew Technical Institute, who died on the 21st of November, was a most prominent figure in the ranks of our communal leaders. Kind, genial and high-minded, his life was at all times the exemplification of the truly good man. Sympathetic by nature, his heart went out to all who were in need of a gentle word, or of a benevolent act. His contact with others left upon them the impress of his nobility. We share deeply in this irreparable loss to our community.

Since our Annual Report was written, we have lost one of our colleagues, whose whole being was wrapped up in our cause, and who labored faithfully for many years to promote the welfare of our Institution.

The announcement of the death of Simon Rothschild was made in a special meeting of our Board, held on the 9th of January, whereupon it was resolved to enter the following expression of our sentiments upon our minutes:

SIMON ROTHSCILD, who for more than twenty years bent his every energy to the advancement of the best interests of our Institution, will be mourned by his colleagues, whose respect and esteem he possessed in fullest measure.

Unselfish in his devotion to the cause of philanthropy, he unceasingly gave of his time and thought to the care of the poor, the sick and the friendless. In his death, the community has suffered a loss which none can so fully realize as those who, as co-workers, learned to know the zeal with which he labored in the interest of others.

Unassuming in his manner, simple in his life and high-minded in character, he deservedly won the confidence of all those who knew him. His wise counsel, the result of many long years of actual experience, will be sorely missed in the deliberations of this Board.

It was resolved that the Board of Directors attend the obsequies in a body, and that the flag of the Hospital be lowered to half-mast until after the funeral; furthermore, that this expression of our sentiments be published and an engrossed copy be sent to the family of the deceased.

As a further mark of our respect, it was resolved not to fill the vacancy caused by his death until after the lapse of thirty days.

Edwin Einstein, whose sudden death we note with deep regret, was a Director of our Institution from 1875 to 1880—in the period of its early existence—during which time he bent his energies to its upbuilding and advancement.

As a mark of respect, the flag of the Hospital was lowered to half-mast until after his funeral, and sentiments expressive of our feeling, on this sad event, were conveyed to his family.

It becomes our sad duty to make record of the death of Mrs. J. S. Seligman, which occurred on the 23d of this month. Mrs. Seligman was the Honorary Secretary of the Ladies' Auxiliary Society for twenty-two years. She constantly evidenced a loyal attachment to our cause and a deep interest in all that concerned its welfare.

We tender expressions of our heart-felt sympathy to her family and to her co-laborers in the Ladies' Auxiliary Society.

AUXILIARY SOCIETIES.

The proper discharge of the many and various duties which must fall upon those to whom the care of so large an Institution as ours has been intrusted necessarily requires division and subdivision. Our army of volunteers, as it were, has been sub-

divided into companies, each of which is active and competent in its own field. Chief among these is the Ladies' Auxiliary Society, whose benevolent and willing service calls for thanks from you for their zeal and devotion—from our patients, to whom they have ministered, and from us, who are their co-laborers. As heretofore, they have supplied the Hospital with linen and bedding, and our patients with clothing which, in all, amounts to a very large expenditure from their own treasury. We feel that their resources should be augmented and their membership increased by the many ladies in our community able to co-operate in their work, who might thus indicate a full appreciation of the praiseworthy efforts of our Ladies' Auxiliary Society.

We thank Mrs. M. H. Moses, President; Mrs. J. A. Cook, Vice-President; Mrs. Louis Lavanburg, Second Vice-President; Mrs. Julius Beer, Treasurer; Mrs. J. R. Seligman, Secretary, and all the members of the Ladies' Auxiliary for their helpful efforts in maintaining this important department.

The Board of Directors, desirous of making a perpetual record, has placed a tablet with the names of the Officers and Directresses of the Ladies' Auxiliary Society in their meeting room as a lasting testimonial to their unselfish labors in behalf of the sick poor cared for in our Institution.

THE MOUNT SINAI HOSPITAL ALLIANCE.

We are happy to record the excellent work done by the Mount Sinai Hospital Alliance, an association of young men and women unified by a spirit of earnest endeavor and enthusiastic good will for our Institution. Through this early training in the management of charitable causes, they will be all the more competent in the discharge of the more onerous duties and larger responsibilities which may fall upon them in the future. We thank them for the very efficient service and assistance they have already rendered us, and for their ever deepening interest in our Institution.

THE MOUNT SINAI HOSPITAL ASSOCIATE MEMBERSHIP COMMITTEE.

This organization of volunteers has during the past year again rendered yeoman service in increasing the membership of the Hospital. Monthly meetings have been held for the dis-

cussion of plans and projects to increase the usefulness of the Society, and greater efficiency has been shown from year to year.

During the past twelve months they have enrolled:

653 Members,
26 Patrons,
1 Associate Donor,
2 Donors,
1 Junior,
5 Patrons were changed to Donors,
54 Members were changed to Patrons,

representing an added annual contribution of \$8,620. This Society is composed of the following members:

Each and every member of the Association has been active and zealous in his self-imposed work. To say we thank one and all seems inadequate. Yet, what more can we offer than to

add that we feel our obligation to these gentlemen beyond our powers of expression?

SISTER INSTITUTIONS.

The great army enlisted in the cause of humanity, represented by our philanthropic and educational institutions, is well organized and marches forward with the common purpose of furthering the physical and mental welfare of man. Whether curative or preventive, the wholesome effect of this combined work becomes more apparent with time and justly receives better recognition and larger support from the public from year to year.

The annual reports of the philanthropic section—The Hebrew Orphan Asylum, The Sheltering Guardian Society, United Hebrew Charities, Montefiore Home, Home for Aged and Infirm, Mount Sinai, Lebanon and Beth Israel Hospitals, and those of the various sisterhoods, all of which provide for man's physical needs, as well as the annals of the organizations devoted to educational and technical purposes, such as the Educational Alliance, Hebrew Technical School for Boys, Hebrew Technical School for Girls, and others, evidence increased strength—a wider influence and a greater power for good in their distinctive fields.

The Hebrew Technical Institute for Girls has recently laid the corner stone for a new home, where larger opportunities will be afforded for the practical, technical education of woman, to fit her for the duties and responsibilities of life, and to make her self-supporting. We congratulate the Directors of this excellent Institution upon this event, and hope that the marked success which has attended their efforts in the past, may continue in the future.

The good accord heretofore existing between our charitable institutions has, if possible, been further promoted during the past year, and the facilities of each have been extended to the others in a most commendable spirit. Some of our patients were transferred to the Montefiore Home, to the Lebanon Hospital and to the St. Joseph's Hospital. This co-operation merits our thanks, which are herewith tendered.

We received patients from the Hebrew Orphan Asylum, the Hebrew Sheltering Guardian Society, the United Hebrew

Charities, Emanu-El and Beth-El Sisterhoods, the Nurses' Settlement and the Clara de Hirsch Home. We are gratified to have been able to aid these worthy societies.

HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

The collections of the Association for 1903 were \$75,670.09, of which \$8,360.05 were designated and \$67,310.04 were undesignated. Of the latter sum \$64,000 were apportioned by the distributing committee upon the basis of days of free hospital care for the poor. Since the statistics of the Mount Sinai Hospital showed that it had treated the largest number of free patients, suffering from acute diseases, our Institution was awarded the sum of \$4,453.02 as its just proportion of the funds.

This annual appeal for funds will in time receive more general consideration from those in our community able to contribute for the maintenance of hospital work, which—already of great importance—assumes larger proportions with the constant growth of our population.

THE MOUNT SINAI TRAINING SCHOOL FOR NURSES.

The twofold mission of the Mount Sinai Training School for Nurses, affording opportunity to worthy women to earn a livelihood, and providing a service for the protection of the sick in hospital and family life, deserves more general recognition.

Our Training School, now charged with the duty of educating a larger number of nurses to meet the increased service of the Hospital, needs additional support. We refer to this subject in the thought and hope that the claims of the Training School may be regarded by those who have thus far not aided in upholding a most necessary, meritorious and useful service for the benefit of the entire community.

MEDICAL STAFFS.

Our Hospital Staffs represent an aggregation of medical men, who from their high professional standing and conscientious service to our patients have given renown and prestige to our Institution.

Our Consulting Staff consists of: Consulting Physicians, Dr. A. Jacobi, Dr. E. G. Janeway; Consulting Surgeons, Dr. Daniel M. Stimson, Dr. William F. Fluhrer.

Our Attendings are: Dr. A. G. Gerster and Dr. Howard Lilienthal, Surgeons; Drs. Julius Rudisch, Alfred Meyer, Morris Manges and Nathan E. Brill, Physicians.

Dr. Henry Koplik is in charge of the Children's Medical Service; Dr. Emil Gruening of the Ophthalmic and Aural Service; Drs. Joseph E. Brettauer and Florian Krug of the Gynaecological; Dr. S. Lustgarten of the Dermatological; Dr. B. Sachs of the Neurological; Dr. Herman Goldenberg of the Genito-Urinary, and Dr. D. Bryson Delavan of the Laryngological Departments, who have been aided in their service by the following Adjuncts: Drs. A. A. Berg, A. V. Moschowitz, Joseph Wiener and Charles A. Elsberg, Surgeons; Drs. D. H. Davison, Henry W. Berg, E. Libman and Albert Kohn, Physicians. Dr. Henry Heiman, Adjunct in the Children's Service; Drs. Hiram N. Vineberg and Samuel M. Brickner, Adjunct Gynaecologists; Drs. Charles H. May and Carl Koller, Adjunct Ophthalmic and Aural Surgeons; Dr. Martin W. Ware in the Genito-Urinary; Dr. F. Leviser in the Dermatological; Dr. William Hirsch in the Neurological, and Dr. Emil Meyer in the Laryngological Departments.

Their co-operation and fidelity to our cause deserve expression of our fullest appreciation, in which we feel that we are warmly seconded by the members of our Hospital.

Our Dispensary Staff, in charge of its various departments, is composed of 27 chiefs and 77 assistants. Even with the realization of an average daily attendance of 400 patients in the Dispensary, only a faint idea can be formed of the time which is devoted to this branch of the service. The high rank accorded to our Dispensary is largely due to the skill and efforts of the physicians in charge.

DISTRICT SERVICE.

This service for temporary medical care, at their homes, of applicants to the Hospital, is in charge of: Dr. F. L. Wachenheim, Dr. Martin Cohn, Dr. Meyer Katzenberg, Dr. Henry Rod-

man, Dr. Henry M. Koles, Dr. Julius Tannenbaum and Dr. Herman O. Wolff.

We record our appreciation of their faithfulness and efficiency.

HOUSE STAFFS.

The members of the House Staff have discharged their duties to the satisfaction of the Lay and Medical Boards of the Hospital.

Drs. D. Lee Hirschler and Albert G. Swift, House Surgeons, and Bernhard Oppenheimer and Arthur Bookman, House Physicians, retired on the 1st of July last.

Drs. Fred. H. McCarthy and C. F. Jellinghaus, House Surgeons, and Louis Bauman and H. F. L. Ziegel, House Physicians, retired on the 1st of January, after serving their full term of two and a half years. With our approval, the usual diplomas and souvenirs were awarded them on the recommendation of the Medical Board.

From our desire to retain every possible point of contact between retiring Medical House Officers and the Hospital, we shall hereafter include in our annual reports, when published, a register of all the House Physicians and House Surgeons, who have been connected with our Institution since 1884.

PATHOLOGICAL DEPARTMENT.

This important service for examination, research and study is in charge of: Dr. F. S. Mandlebaum, Pathologist; Dr. E. Libman, Assistant Pathologist; Dr. E. P. Bernstein, Second Assistant Pathologist; Dr. H. L. Celler, Assistant in the Pathological Laboratory; Dr. Leo Buerger, Pathological Externe; Dr. S. Bookman, Chemist; Dr. E. A. Aronson, Assistant Chemist.

It has attained high rank in its position among similar scientific departments.

Most of the valuable discoveries in Medical Science have been made in laboratories, especially in those connected with Hospitals. The opportunities afforded in them are productive of results which benefit not only the patients in the Hospital, but the entire community as well.

The scope of this department has been well recognized by

its Patron, Mr. Adolph Lewisohn, who defrayed the cost of erecting the Pathological Building and of its complete equipment, and who has volunteered to reimburse the Hospital annually for all outlays for its maintenance. This great generosity requires no comment from us; the recital of the facts is sufficient to indicate the obligation—one which is so far reaching in its benefits that it well deserves the recognition of our citizens generally.

Dr. Max Rosenberg, Admitting Physician, has discharged the onerous duties of his position to the satisfaction of our Board.

APPOINTMENTS OF MEDICAL STAFFS.

Dr. Samuel Brickner was appointed Adjunct Attending Gynæcologist; Dr. Emil Meyer, Adjunct Attending Laryngologist; Dr. Thomas L. Bennett, Anæsthetist; Dr. Samuel Bookman, Physiological Chemist, and Dr. Edward A. Aronson, Assistant Physiological Chemist in the Laboratory; Dr. Andrew G. Foord was appointed Assistant Radiographist.

ADMINISTRATIVE STAFFS.

Dr. S. S. Goldwater, our Superintendent, has proved himself a capable officer, exercising tact and judgment with a thorough understanding of hospital management.

Mr. Gustave Abrams, our Assistant Secretary, has rendered most faithful service. He deserves our commendation for duties well performed.

Mrs. Camille Minzesheimer, the Matron, has conducted the domestic affairs of the Hospital with fidelity and conscientiousness.

Mr. Solon J. Rieser, our Assistant Superintendent, is painstaking in his efforts to supplement the work of the Superintendent.

RESIGNATIONS.

Mr. Louis M. Josephthal, for lack of time to devote to the affairs of our Institution, tendered his resignation, which, in deference to his wishes, was accepted by our Board. Mr. Paul M. Warburg was appointed to fill the vacancy.

Dr. Nathan Oppenheim, for many years in charge of the Children's Department in the Dispensary, resigned last year. We thank him for the services he has rendered to our Institution.

LEGISLATION.

At the session of the Legislature in 1904, the charter of our Institution was amended to read as follows:

CHAPTER 365.

AN ACT TO EXTEND THE PURPOSES AND OBJECTS OF THE MOUNT SINAI HOSPITAL OF THE CITY OF NEW YORK.

Became a law April 26th, 1904, with the approval of the Governor.
Passed, three-fifths being present.

*The People of the State of New York, represented in Senate and Assembly,
do enact as follows:*

Section 1. The purposes and objects of The Mount Sinai Hospital of the City of New York are hereby declared to be "the support and maintenance of an institution to be known as The Mount Sinai Hospital, for the purpose of affording dispensary service and medical and surgical aid and nursing sick and disabled poor of the City of New York and others of any race, creed or nationality," and its certificate of incorporation is hereby amended accordingly.

The Board of Directors having complied with the provisions in Article X of the Constitution, unanimously recommends for your adoption the following alteration of the Constitution in Article IV of the Constitution referring to "Endowed Beds and Endowments."

Strike out the last paragraph of Article IV and substitute the following:

An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than Ten Thousand Dollars.

Upon the passage of this amendment to the Constitution, the following members of our Board created special endowments:

Mr. George Blumenthal—"The George and Florence M. Blumenthal Endowment".....	\$10,000
Mr. James Speyer—"The Ellin P. and James Speyer Endowment"	10,000
Mr. Charles A. Wimpfheimer—"The Annie C. and Charles A. Wimpfheimer Endowment".....	10,000

Since the close of the fiscal year—

Mr. Murry Guggenheim founded "The Murry and Leonie Guggenheim Endowment".....	25,000
Mr. Henry Morgenthau—"The Henry and Josephine Morgenthau Endowment".....	10,000
Mr. Meyer H. Lehman—"The Henry and Rosa Lehman Endowment"	10,000
Mr. Edward Oppenheimer—"The Edward Oppenheimer Endowment".....	10,000

May we not hope that these examples to establish special endowments, to produce income for support, will be followed by others in our community?

It is further recommended by the Board to change Article III of the Constitution by inserting the words "Associate Donors" after the word "Patrons" and before the word "Donors," and insert therein an additional clause to read as follows:

The annual dues of Associate Donors shall be \$50, payable on the first day of January in each year.

Further to insert in Article III, page 5, line 10, the words "not less than," so that the paragraph shall read as follows:

The annual dues of Donors shall be not less than \$100, payable on the first day of January in each year.

Deeming, as we do, the creation of a new and separate grade of membership undesirable, this amendment in our Constitution was adopted for the purpose of affording our wealthy classes the opportunity to contribute, as members, more than

\$100 per annum. These larger sums will be classified as to amounts under the head of "Donors."

After its adoption by our Board, several of our Directors offered to contribute annually a sum of \$1,000; others outside of our Board have signified their willingness to enroll themselves as contributors for sums considerably over \$100, in some instances as much as \$1,000 a year.

To meet the increased cost of supporting our Institution, we hope that larger annual contributions will be given by our friends who are able and willing to share in the responsibility of maintaining our worthy charitable causes.

ACKNOWLEDGMENTS.

Messrs. Hoadley, Lauterbach & Johnson, counsel of our Board, have, with word and deed, ever been staunch advocates and loyal champions of our interests. For the past twenty years, they have gratuitously given us the benefit of their eminent services, and have voluntarily borne all costs and expenses connected with matters placed in their charge. Any offer on our part to reimburse them for these outlays was invariably declined with the remark, "Consider this part of our contribution to your Hospital."

Imbued with a sense of our deep obligation, and desiring to make lasting record thereof, our Directors felt that some tangible evidence of our appreciation should be manifested. It was, therefore, resolved to found Room No. 302 on the first floor of the Surgical Pavilion as "The Edward Lauterbach Room in Perpetuity," and to affix thereto a tablet with the following words:

THE EDWARD LAUTERBACH ROOM,
FOUNDED IN PERPETUITY
BY THE
DIRECTORS OF THE MOUNT SINAI HOSPITAL,
IN GRATEFUL RECOGNITION OF HIS EMINENT SERVICES,
1904.

It was further resolved to present suitable testimonials to Mr. Ferdinand R. Minrath and Mr. Louis Adler, members of

the firm of Hoadly, Lauterbach & Johnson, and to place upon each of them the following inscriptions:

TO FERDINAND R. MINRATH,
FROM
THE MOUNT SINAI HOSPITAL
IN GRATEFUL RECOGNITION OF HIS DEVOTED SERVICE,
1904.

TO LOUIS ADLER,
FROM
THE MOUNT SINAI HOSPITAL
IN GRATEFUL APPRECIATION OF HIS LOYAL SERVICE,
1904.

The tablet was unveiled, and the presentations were made on the evening of the 29th of December. We still feel that our Institution can never fully discharge the obligations it is under to these gentlemen for their ready, able and unselfish services. However, by the testimonials we presented to them, we have, at least, transmitted the knowledge to those who come after us that, among our many friends, there has been none more staunch or loyal than these gentlemen in their unremitting efforts to advance the interests of the Mount Sinai Hospital.

During the period of our removal from the old to the new Hospital, unable, as we were, to receive patients for a short time, we were obliged to refer applicants to other hospitals. The Lebanon, Beth Israel, Presbyterian and German Hospitals were very kind to us in accepting applicants whom we recommended. We are much beholden to the management of these institutions for their favors.

We extend our thanks to the Bellevue Hospital for the use of their ambulance for the removal of our patients from the Lexington Avenue Hospital.

The Rev. Dr. Raphael Benjamin, representing the Jewish Board of Ministers, resigned his position on account of his removal to Brooklyn. His ministrations to patients of our faith, whom he visited regularly, gave them cheer and comfort. Rev-

erend Dr. A. Blum was appointed in his place by the Board of Ministers. The Pastors of St. Vincent Ferrer, Sixty-sixth Street and Lexington Avenue, responded to calls from our patients of the Catholic faith while the Hospital made its home in that locality. In our present Hospital, this spiritual service has been assumed by the Pastors of St. Cecelia's Church on East One Hundredth and Sixth Street.

We offer our thanks to the Hon. Edward M. Grout, Comptroller; the Hon. James H. Tully, President of the Department of Public Charities, and to the Hon. George M. Meeks, Superintendent of the Outdoor Poor Department, for their invariable courtesy.

We are indebted to the Hon. Commissioner of Police, Wm. G. McAdoo, Police Inspector Smith, Captain Herlihy, and Sergeant Hulse, of the Twenty-ninth Precinct, also to Lieutenant Edward Meehan, Engine No. 49, for Police and Fire protection during the time our Dedication Receptions were held, on the 15th and 16th of March last.

The Police Department has stationed a permanent police officer in our Building, for which consideration we tender our acknowledgment.

During our Reception in March, we were favored with many acts of kindness and considerate attention. Messrs. Thorley and Warendorff decorated the main halls of the Hospital gratuitously.

The members of the following societies aided with their personal service in receiving and escorting our visitors through the Buildings during the Dedication Reception:

The Ladies' Auxiliary,

The Attending Staff, Adjunct Attending Staff and Dispensary Staff of our Hospital,

The Mount Sinai Hospital Alliance and Associate Membership Committee,

The Mount Sinai Alumnae Association of Nurses, and

The Associated Alumni of The Mount Sinai Hospital.

We express our appreciation of the deep interest which they manifested in this important event, and the cordial co-operation they gave us to make our Reception as successful as it proved.

Our patients were gratuitously supplied with copies of the following Newspapers and Pamphlets:

"The American Hebrew," "Hebrew Standard," "Hebrew Journal," "Jewish Gazette," "Jüdische Arbeiter-Zeitung," "Jüdischer Anzeiger," "Our Paper," "New York Jewish Times," "The Century Magazine," "Menorah Monthly," "Novellen-Schatz," "Helpful Thoughts," "The Echo," "New Era," and "Journal of the Medical Association," all published in the City of New York; also "The American Israelite," of Cincinnati, Ohio, and "Der Israelit," of Mainz, Germany.

We extend our grateful acknowledgments to the Editors and Publishers of these journals for their thoughtful attention.

Many more, by gifts and donations, have indicated their consideration for our patients and have otherwise strengthened our cause. They have placed the management of the Hospital under lasting obligation. Though lack of space prevents us from making special mention of their kind acts, they are, nevertheless, thoroughly appreciated and will be recorded in our printed report.

The earth is man's—a rich field in which he may sow, and in which his harvest shall be justly apportioned to him. How well has this been exemplified by the growth of our Hospital! The seeds of benevolence planted by the founders of this Institution—tenderly nourished and carefully husbanded by those who have succeeded them, have germinated into full blossom, and to-day we rejoice in the rich harvest of their good works, which bring healing balm to all who partake of its fruits.

In the fulness of our satisfaction at this resourceful present, let us not forget the past with its small band of men who, though struggling for daily existence, yet made time and discovered the means to found our Institution. In the heart of the tiny seeds they sowed, there existed all the perfection of the flower which we admire to-day. They were the creators of the Mount Sinai Hospital, and without their ministrations, in its small beginning, it could never have arrived at the advanced stage of development to which it has now been carried.

Let us then, in celebrating our harvest festival, in a spirit of deep thankfulness and humility, make offering of our reverent gratitude to the fathers of our Hospital. May their memory be

cherished, and may their example stand before us as a guiding light for all times!

For this sacred service to God and man, we invoke the protection of the Almighty! May He bless and preserve those who maintain it! May He be gracious unto those who receive its benefactions and let His countenance shine upon them! May He vouchsafe peace to those who give, and peace to those who receive, the offerings of benevolence placed upon His holy altar!

Respectfully submitted,

ISAAC WALLACH, *President.*

DEDICATION OF THE NEW HOSPITAL,

The dedicatory exercises were held on March 15th, 1904, at the Hospital, under the auspices of a special meeting of the Board of Directors. There were present:—

- His Excellency Benjamin B. Odell, Governor of the State of New York;
- Hon. Frank W. Higgins, Lieutenant Governor of the State of New York;
- Hon. Charles V. Fornes, President of the Board of Aldermen, representing His Honor, George B. McClellan, Mayor of the City of New York;
- Hon. Patrick Keenan, City Chamberlain;
- Rev. F. De Sola Mendes, Rabbi of the Congregation Shaarai Tephilla;
- Rev. Dr. Samuel Schulman, Rabbi of Temple Beth-El;
- Rev. Dr. Joseph Silverman, Rabbi of Temple Emanu-El;
- Mrs. M. H. Moses, President of the Ladies' Auxiliary Society;
- Dr. Abraham Jacobi, President of the Medical Board;
- Mr. Kalman Haas, President of the Mount Sinai Training School for Nurses;
- Hon. Edward Lauterbach, Counsel of the Board of Directors.
- Mr. B. G. Paskus, President of the Associate Membership Committee;
- Mr. Theodore H. Long, President of the Mount Sinai Hospital Alliance;
- Mr. Arnold W. Brunner, Architect;
- Mr. William Schickel, Consulting Architect;
- Dr. S. S. Goldwater, Superintendent;
- Mr. Gustave Abrams, Assistant Secretary;
- Representatives of the Press; and
- The entire Board of Directors.

The meeting was opened by the President of the Hospital with the following remarks:—

"When the corner stone of these buildings was laid in May, 1901, we were enabled to invite the public to the ceremonies which were held in the open in the presence of thousands of our citizens. It is a source of much regret that, under present conditions, we could not afford our friends generally the opportunity of being with us at the exercises to be held to-day. Deeming it proper that the new Hospital be opened with prayer and with the formality of a presentation and acceptance of the keys, we have arranged to hold these exercises under the auspices of a special Board Meeting—with the Presidents of our Adjunct and Auxiliary Organizations, the officiating ministers, the architects of the buildings, the counsel of our Board, and, to dignify the occasion further with the presence of the honored heads of our State and City Governments, to whom we extend a cordial welcome.

Rev. Dr. Samuel Schulman, Rabbi of Temple Beth-El, then delivered the opening prayer.

Owing to the illness of Mr. Isaac Stern and his consequent absence from the meeting, Mr. Joseph Fox, Vice-Chairman of the Building Committee, presented the key of the new buildings to the President with the following address on behalf of the Chairman of the Building Committee:—

"Mr. President, Honored Guests and Fellow Directors:—

"On the 22d day of May, 1901, nearly three years ago, we were assembled on this spot, engaged in the act of laying the corner stone of these buildings, performing the first official function to give tangible shape to our long-cherished project of providing enlarged and suitable buildings, so much needed and so long desired, for the use of this Hospital.

"To-day we shall at last reap the reward of our efforts, by turning over to the officers of this Institution these completed buildings, which will now be opened for public inspection and approval.

"Before finally handing over this edifice to the keeping of its officers, I desire to express the heartiest thanks of the Building Committee to all our fellow Directors, to the members of the Medical Board, and to all others who, by their advice and labors, have aided us so materially during these years of planning and construction. This loyal and unqualified support has lightened our task, strengthened us in our labors; and I desire to make public acknowledgment of how much this Committee appreciates the great confidence with which you have honored us.

"Our greatest thanks, however, should go forth to the Jewish community, whose unprecedented liberality in providing nearly all the means for the erection of this group of buildings stands as an un-

equalled achievement in the line of communal work, an honor to our race and a credit to this great metropolis.

"And now, Mr. President, the pleasantest part of my duty is before me—namely: to turn over to your care these completed buildings (they could not be placed in more able and better hands than yours) and to present you with this Key, as a symbol that these hospitable doors are about to open for the reception of the sick and needy of all creeds and nationalities. May the greater opportunities afforded by these buildings, under the guidance of yourself and your colleagues, redound to the credit and honor of this Institution, so dear to us all."

The President, in accepting the key on behalf of the Board of Directors, responded as follows:—

"Mr. Chairman of the Building Committee, Honored Guests and Fellow Directors:—

"At this important event in the life of our Institution, let us render thanks to the Supreme Architect of the Universe, under whose divine guidance and protection it has been vouchsafed to us to take part in this glorious work, and to have been permitted to place our offering upon this altar, erected to His holy name and consecrated to the service of man.

"This key, which will open wide the portals of this Temple, symbolizes the broad charity of the Jews of this great city, who have unselfishly furnished the means that its healing, life-saving ministrations may be liberally extended, without distinction, to the suffering of every class and creed.

"This key represents years of zealous application on the part of yourself, as Chairman, and your associates on the Building and Equipment Committees, to whom the supervision of this great work was especially intrusted; of the love for fellow-man by which you were animated, and of the untiring energy by which you were stimulated to overcome the many difficulties which impeded your progress.

"This key will be the harbinger of our message to future generations—a message of love and mercy—of sacrifice and duty—of peace and good will, and of the doctrine of a broad, universal brotherhood. On behalf of the Jews of this city—in the name of our constituents—for the Board of Directors of the Mount Sinai Hospital—and from the sufferers who will be ministered to in this temple of humanity, we offer you and your associates on the Building and Equipment Committees, the thanks of hearts which are filled with gratitude for your noble example of duties well performed.

"And now with God's blessings—under the ægis of this free and independent nation—in the presence of the honored heads of our great State and City—in the name of those who have contributed to the erection and maintenance of these buildings, and surrounded by those to whom its management is intrusted, I declare the new and greater Mount

Sinai Hospital formally opened for the reception of the sick and unfortunate of every race and creed—for all suffering mankind—in keeping with the spirit of that divine law which came from Sinai's heights, 'Thou shalt love thy neighbor as thyself.'"

The Rev. Dr. F. De Sola Mendes, Rabbi of the Shaarai Tephilla Congregation, thereupon offered an invocation to the Almighty for his blessings upon the Institution, praying that strength may be given to those to whom its management is entrusted.

His Excellency, Governor Benjamin B. Odell, speaking for the State, said in part as follows:—

"Our great State has expended time and money for the alleviation of human suffering. No appeal to the Legislature or Executive has been made in vain; but these calls for humanity's sake would be fruitless if not supplemented by the work of charitable institutions like this. I have read that during the past twenty years the period of life has been lengthened by the progress of medical and surgical science. This is something to be proud of. I have no doubt that in this institution, which knows no creed or nationality, there will be found a field which will call for the greatest effort and sacrifice on your part. I have no doubt, because I know the generous impulses of your race, that whatever is demanded will be forthcoming.

"Some time ago I attended a fair at Madison Square Garden which was held under the auspices of another Hebrew hospital in this city. Before going there I had been hearing the stories of the evils of unrestricted immigration and had heard it said that because of it our great Republic was in danger. It was a great lesson to me. There I saw the immigrant and his child and found them both to be firm in their determination to support and maintain American ideas and institutions."

The Hon. Charles V. Fornes, on behalf of the Mayor of the City of New York made expression of appropriate sentiments regarding the benevolent work of the Mount Sinai Hospital and the larger humanitarian possibilities which lay before the Institution with its increased facilities.

The Hon. Edward Lauterbach then addressed the meeting on behalf of the members of the Hospital with the following words:—

"Mr. President and Members of the Board of Directors:—

"You are gathered to dedicate in this simple yet impressive way the new Mount Sinai Hospital to its noble purposes.

"On behalf of the community, and especially on behalf of the donors, patrons and members of the Mount Sinai Hospital, I tender you thanks for, and their expressions of sincere appreciation of, the self-sacrifice, the untiring devotion by which the marvelous result which we now contemplate has been accomplished, and the ideal which you have set before you has been so fully realized.

"Having occupied for years, as has been generally conceded, the foremost rank among similar institutions, a prominence secured not only through your efforts who have sustained the burden of its general and financial management, but by reason of the skill and recognized ability of its medical faculty, the demands upon its utilities by the sick and suffering increased from year to year, and the manifest inadequacy of the Hospital edifice on Lexington Avenue call for relief, if it might be had by the erection of vast new hospital buildings, constructed to conform to the high standard which modern hygienic science has set up as essential for well-equipped institutions of this character.

"To secure this desirable but seemingly unattainable end, you have, during the last five years, with steady assiduity, applied your best energies to the exclusion of your selfish individual interests. Upon your success exceeding our fondest expectations you merit far more than the admiration which we feel, and the congratulations which we sincerely tender.

"To secure without the creation of a dollar of indebtedness the great sum required for the erection of these spacious buildings so adequately equipped is of itself a marvel, but to have insured the perpetual maintenance of the Hospital by an enormous increase of its annual income is a triumph of patient and earnest endeavor that is without a parallel.

"We read to-day of sister institutions originally substantially endowed and organized under the most flattering auspices, compelled to concede their inability to carry on their beneficent functions, the limitation of which, if not their complete cessation, is seriously threatened.

"Your foresight, reinforced by your strenuous activity, brings to us the grateful assurance that in all human probability no similar unfortunate predicament can ever befall Mount Sinai Hospital.

"The Governor of the State extends to you his felicitation on its behalf, as does the representative of our great municipality. Their eloquent expressions are echoed and re-echoed by that great number of sympathizers in this community who have responded to your demand for aid in your unselfish undertaking, and who glory in the consummation of a plan perfected by the Jewish community at your instance so well calculated to insure for all time to come comfort and relief to the afflicted of all races, creeds and religions."

The exercises were concluded with a prayer by the Rev. Dr. Joseph Silverman, Rabbi of the Temple Emanu-El.

Dedication Poem by Miss Annette Kohn.

As Sinai from the mountains round
Raised its proud head above the ground,
A pile of stones with living voice
To bid the nations all rejoice,
So Sinai once again this hour,
Through piled stone, with living pow'r,
In this new world, as in the old,
A Revelation doth unfold.

At Sinai's foot, "TO DO"—we swore,
And in our hands its LAW we bore;
We carried it through all the earth
That it might tell of moral worth;
The Truth—through its great lightnings flashed,
And Righteousness in thunder crashed,
Its yoke we made our chosen lot,
Its stern "Thou Shalt," and "Thou Shalt Not."

But know ye not to thunder's din,
The lightning is the next of kin,
And though 'tis born in hour of storm,
'Tis but of Light another form?
And so the LAW, though stern behest,
In Love's majestic beauty's drest;
Its head is decked and garlanded,
Its feet "to paths of peace" are wed.

Four thousand years we've known this truth,
That blossoms with eternal youth,
And bears eternal fruit and flow'r
Like this full-blown, this fateful hour;
Like this we consecrate to-day,
And on our twofold altar lay,
Of love to God, that's true and pure,
And love to man that shall endure.

So Sinai, thy majestic peak,
Doth here to-day in thunders speak;
It says: "Thy God, O Israel,
One and alone doth reign and dwell,
And all his suffering children here,
Thy mercy claim, as brothers dear;
If thou would'st Jacob's blessing earn,
Thy brother Esau love in turn."

The stone we sank so deep in earth
As seed, this wonder-flower gave birth,
The walls, we prayed, might spring and rise,
Majestic stand 'neath arching skies;
The Future, then a hopeful dream,
The Present, here doth well redeem—
So wide, ye doors, swing wide to-day,
Pledged to all suffering men for aye!

Swing wide, ye doors, as Sinai's Law,
That love to all, proclaimed—foresaw—
Swing wide, as Sinai's prophets wise,
For all, swung Gates of Paradise—
Oh, swing—swing wide as mercy is,
That Sinai taught is highest bliss—
Swing wide—Mount Sinai's doors in Love,
And Sinai's God, bless Thou above!

From the "New York Herald" of April 10, 1904.

"It is a palace of science and health—this new Mount Sinai Hospital, in Fifth Avenue, overlooking the Park. Every New Yorker should be proud of it. Of monumental proportions, covering the entire block between Fifth Avenue and Madison at One Hundredth Street, it comprises ten buildings, each almost a hospital in itself, and all grouped and arranged on the modern pavilion plan.

"Experts call it the largest and most complete up-to-date private hospital in America, and certainly the best equipped, lighted and ventilated institution of the kind in the world. Although the ten buildings are separate and distinct from one another, they are connected by spacious corridors on the ground floor, making each department accessible without one's leaving the building or being exposed to the weather.

"The largest American hotel is not more luxurious and convenient for its guests than is this wonderful temple of humanity for its patients and patrons. A European visitor calls it the Waldorf of hospitals.

"The main wards and private bedrooms, with large windows, look southeast or west and have a sunny exposure a greater part of the day. The absence of trolley cars and the maddening noises of street traffic that make other thoroughfares a terror to weak and nervous patients is very important to the big hospital, with its accommodations for 480 patients."

Extracts from the Constitution on Perpetual, Memorial and Life Beds.

A Contribution of \$1,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.

A Contribution of \$2,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.

A Contribution of \$5,000 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1st, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.

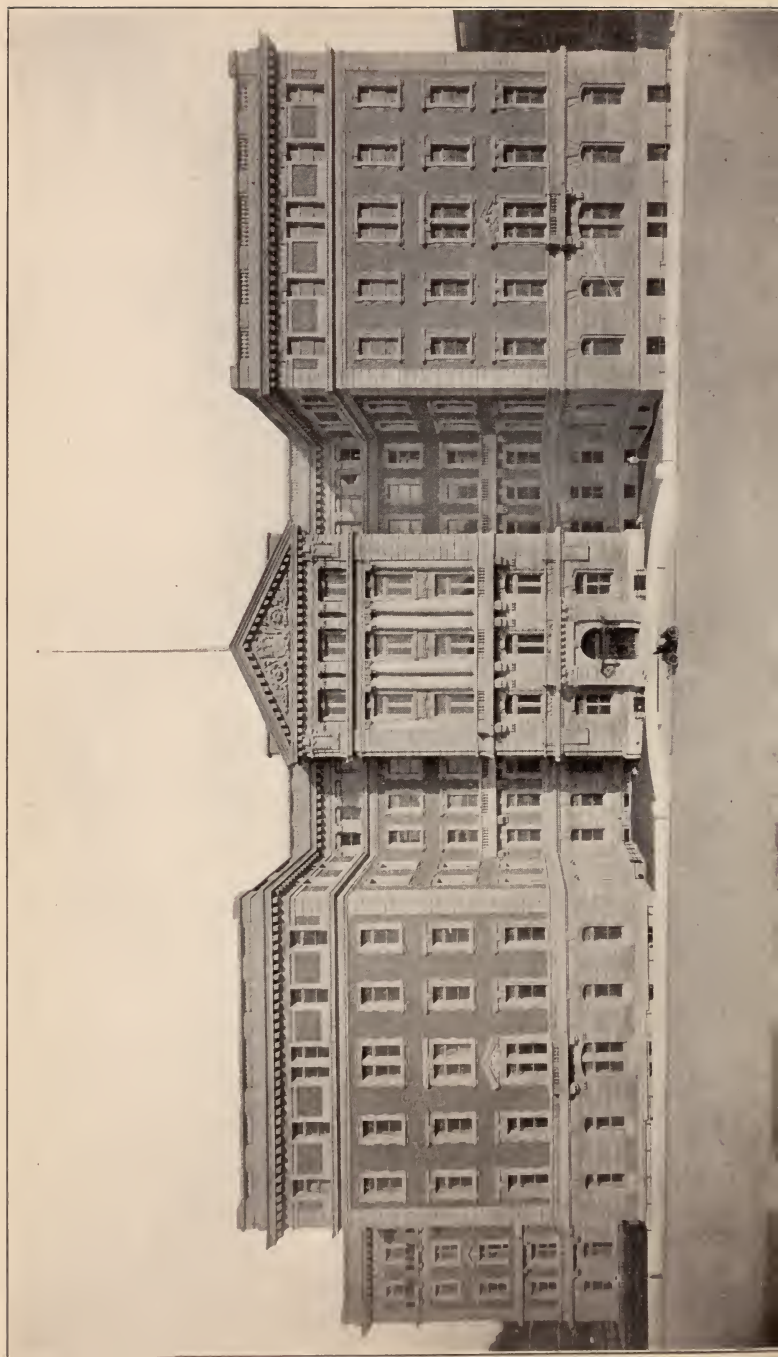

When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.

Tablets to commemorate the Endowment of Life, Memorial and Perpetual Beds shall be placed in the ward selected by the donor, subject to the rules of the Hospital. Tablets for Life Beds shall be maintained during the life of the donor. Tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment—such period, however, not to end before ten years from the death of the donor. Tablets for Perpetual Beds shall be maintained in perpetuity.

A donor may change a Life Bed endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.

No patient shall occupy a Life, Memorial or Perpetual Bed unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.

An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.

PRESIDENT'S REPORT.

New York, January 14th, 1906.

To the Members of the Mount Sinai Hospital:

Before we make record of the events, distinct and vivid, of the year just ended, let us gaze into the remoter past, and with eyes to which reverent gratitude lends keener sight, pierce the gathered mists of many years. Let us strive to gain a realization of the evolution through which our Institution has attained its present state of high development.

Like the spring warmed into life by the rays of the benevolent sun, finding its way down the mountain side through valleys and fields, gathering force and power as it flows on till it joins the ocean, so, too, has our Institution developed.

Conceived as an ideal in the minds of its founders—warmed by the sun of loving kindness—gathering strength by the union of purpose, and continuing its course of activity, through hardships and trials, it made its way till it reached out and gladdened the hearts of men. As its sphere broadened, and its control became more complex, there were always volunteers to guide and maintain it, until now, on the threshold of this new year, we behold its course unbroken and may have faith in the coming of a time when its power shall be vast and boundless as that of the sea.

Our report for the year ended shows a picture of activity—of benevolence to the unfortunate which will gladden the hearts of all who have aided in this inspiring work.

OUTDOOR DEPARTMENT.

The entire number of cases treated in the Outdoor Relief and District Service was 154.

Of these, there were:

Admitted to the Hospital when beds were vacant (results included in general Hospital statistics).....	36
Cured or improved in home of patients.....	57
Referred to other institutions.....	36
Hopeless cases when treatment began.....	17
In charge of District Staff, November 30th, 1905.....	8
Total.....	154

The services of District Nurses were rendered to 120 patients at the expense of the Hospital.

Entire number of prescriptions filled and paid for by the Hospital, 346.

Of these:

Prepared in the Hospital Pharmacy.....	196
Prepared in other pharmacies down-town, and paid for by the Hospital	150

It is interesting and gratifying to note the greatly increased work of our Hospital. During the past year, its activities have vastly exceeded those of any previous one in its history. Five thousand three hundred and thirty patients have been treated in the Hospital during the twelve months just concluded, as against 3,876 in the preceding year. The total number of days of Hospital care was 114,144, as against 80,617 the year before, of which 93,470 days were gratuitous, as against 63,791 last year, an in-

crease of 50 per cent. The 93,470 days of free care represent nearly one-tenth of the entire work of the 38 allied hospitals and homes in the Hospital Saturday and Sunday Association. In all, during the past year—

5,330 patients have been treated in the Hospital,
53,771 patients have been treated in the Dispensary,
154 patients have been treated in the Outdoor Department,
1,086 in the accident wards—

together 60,341 persons cared for without discrimination as to race or creed—a number equivalent to the population of a fair-sized city. Is this not a work so far-reaching in its blessings that each and every one able to do so should feel it an obligation to share in its maintenance?

FINANCES.

The following extracts have been made from the report of the Treasurer:

Assets.

Invested in bond and mortgage on property in the City of New York.....	\$187,000.00
Cash in hands of Treasurer.....	40,743.45
Total.....	<u>\$227,743.45</u>

Also \$5,000 in bonds of the Hebrew Benevolent and Orphan Asylum Society and \$500 in bonds of the Freundschaft Club; the Hospital plant, and the plot of ground on the south side of 100th Street, 195 feet front by 100 feet 11 inches in depth, free from encumbrance.

We bought this plot of ground on the south side of 100th street, opposite the Hospital, for \$138,000, which was paid in cash. The erection of high tenement buildings, which would have taken away both light and air from the wards on the north side of 100th street, had already been begun, and it was with a view to removing them that we purchased this property. Aside from this immediate advantage, we felt it desirable to own this ground for extension of the Hospital plant when required in the future. Until then, we plan to use it for a recreation ground for convalescents.

We hold the following funds in trust:

Convalescent Fund.....	\$10,372.41
Ambulance Fund (endowment of Mr. Murry Guggenheim, invested in bond and mortgage).....	20,000.00
Ambulance Fund income (in Treasurer's hands).....	1,693.40
Murry Guggenheim Scholarship Fund, 172 shares of American Smelting and Refining Co. preferred stock for the Mount Sinai Training School.....	
Murry Guggenheim Scholarship Fund (interest and dividends in Treasurer's hands).....	1,114.00

DEATHS.

Death—to whose stern voice none may turn a deaf ear and whose heavy hand none may stay, has again taken from our midst many loved ones. Even with the realization of irreparable loss comes the solacing thought that the noble work they accomplished shall endure—their benevolent impulses radiate into circles ever widening into eternity.

In a spirit of gratitude and of reverent sorrow, we record the deaths during the past year of the following members of our Institution :

IN MEMORIAM.

In no other religious class is there paid more loving reverence to the dead—in no other faith is the memory of the departed more hallowed than in our own. Even the Jew who has abandoned all orthodox traditions and ritual, clings with tender fidelity to the custom of holding sacred the anniversary of the day when his beloved entered into the sleep of death. Each one of us feels the loveliness of a rite that keeps our departed ones with us in mind and saves them from oblivion.

But there are ties of kinship—not of blood nor of personal affection—which are none the less real and binding. Of such a nature is the relationship we are proud to claim with the men whose successors in the work of this Hospital we have become. Are we not in very truth their sons and heirs—have they not, indeed, been our illustrious ancestors, and has not our heritage been a precious one?

As loving and grateful children in the family of humanity, and in the reverent spirit of our Jewish tradition, let us then make record henceforth, at least once in each decade, of the names of our fathers—the founders and directors of our Institution—who have worked in our cause and whom death has taken from us. So shall their memory live in loving hearts and their spirit dwell among us. Their names are:

William Vogel.

William Vogel, a Director of our Institution from 1887 to 1893, died on March 19th, 1905. During his official connection with our Hospital, he at all times manifested a deep interest in the work, and even after that connection was discontinued, his loyalty to our cause remained unchanged up to the time of his death.

Lyman G. Bloomingdale, who died last October, was one of our representative citizens. He was Treasurer of the Montefiore Home, and it was largely through his interest in the project and his activity in its execution that the Bedford Station Sanitarium was established. He was broadminded in his charitable work, and took a warm interest in Mount Sinai Hospital. His death is a great loss to our community.

It is with deep sorrow that we make record of the death of Mrs. Cecelia Borg, late President of the Ladies' Auxiliary Society of the Montefiore Home. She was a woman with a heart so full of tenderness and benevolence for all mankind that her death leaves us with a sense of loss, personal as well as public.

AUXILIARY SOCIETIES.

Our faithful and efficient allies—chief among whom is the Ladies' Auxiliary Society—have rendered us this year the same invaluable service for which we have had occasion to thank them during past years. Without our able lieutenants, each managing his company on lines of the most excellent organization, our general army of workers could never have gained so many and such decisive victories in the war against disease and poverty. The energy, courage and unselfishness of our Ladies' Auxiliary Society merit our warmest thanks. They have continued to supply the Hospital with linen and bedding, and our patients with clothing—a most generous contribution, which deserves the reward and encouragement, not alone of these words of appreciation, but also of the personal assistance of all the ladies in our community, who are able to engage in this work. It should be a pleasure to co-operate in efforts so successful as those of Mrs. M. H. Moses, President; Mrs. J. A. Cook and Mrs. Leopold Bernheimer, Vice-Presidents; Mrs. Julius Beer, Treasurer; Mrs. J. A. Arnold, Secretary, and the other ladies of this Auxiliary.

THE MOUNT SINAI HOSPITAL ALLIANCE.

One of the forces that has been helpful in the carrying on of our work is the Mount Sinai Hospital Alliance. This association of young men and women has taken charge of the solaria, and has assumed the maintenance of the X-Ray Department with an annual contribution of one thousand dollars for the present and in the future. Their endeavors are an encouragement to us, and cause us not only to hope, but to believe that we shall receive willing succor from the younger generation in the assuming of such responsibilities as may devolve upon them.

The Alliance is officered by:

Mr. A. M. Fechheimer	<i>President.</i>
Mr. Max L. Schallek }	<i>Vice-Presidents.</i>
Miss Aimee Sampter }	
Mr. Milton M. Stiner	<i>Treasurer.</i>
Mr. Leon Hühner	<i>Rec. Secretary.</i>
Miss Mina Moeller.	<i>Cor. Secretary.</i>

THE MOUNT SINAI HOSPITAL ASSOCIATE MEMBERSHIP COMMITTEE.

With an energy commensurate with their success, the gentlemen on this Committee have again offered us their services. They have caused the interest in our Hospital to become more widespread—the assistance we receive more general. They have worked as an organization and as individuals, and we thank them one and all. Our words of recognition are but the inadequate expression of our sense of profound appreciation.

During the past twelve months, they have enrolled:

632 Members,

19 Patrons,

They have changed 4 Patrons to Associate Donors, and 51 Members to Patrons, representing an added annual income of \$7,660.

The Society is composed of:

Mr. B. J. Paskus	<i>President.</i>
Mr. Joseph Freeman	<i>Vice-President.</i>

SISTER INSTITUTIONS.

Just as in the organization of our own single Institution, we have been enabled to accomplish more work with greater efficiency through division of labor among co-workers and allies—so in the larger circle of charitable and educational endeavor splendid results have been achieved by the system of specialization. Poverty, ignorance and disease are wily foes who seek entrance at many gates—at each of which we must post faithful sentinels. Such guardians are our sister institutions who have kept the watch with so indefatigable a loyalty and so large a measure of success that we are eager to offer them these words of congratulation.

The charity section is composed of the Hebrew Orphan Asylum, The Sheltering Guardian Society, United Hebrew Charities, the Montefiore Home, Home for Aged and Infirm, The Mount Sinai, Lebanon and Beth Israel Hospitals, and the sisterhoods connected with our Congregations.

The educational section is well represented by the Educational Alliance, the Hebrew Technical Institute, the Hebrew Technical School for Girls, the Young Men's Hebrew Association, and the Young Woman's Hebrew Association.

We have had occasion during the past year to avail ourselves of the kindness and facilities extended to us by the Montefiore Home and the Isabella Heimath for the care of some of our patients, who, from their condition, came within the scope of the work assumed by these beneficent charities.

The ready co-operation of these institutions merits our thanks and acknowledgement.

This mutual co-operation between Mount Sinai Hospital and sister institutions is further exemplified by our having received patients from the Hebrew Orphan Asylum, Hebrew Sheltering Guardian Society, the Home for Aged and Infirm Hebrews, the United Hebrew Charities, Emanu-El Sisterhood, Nurses' Settlement, and the Clara de Hirsch Home.

THE SOLOMON AND BETTY LOEB MEMORIAL HOME FOR CONVALESCENTS.

The children of the late Solomon Loeb and Betty Loeb have provided a fund for the erection and maintenance of "The Solomon and Betty Loeb Memorial Home for Convalescents." For this purpose, they have purchased seventy acres of ground one mile north of Elmsford, near Tarrytown station.

A center building for administration and social purposes, two cottages for 20 male and 20 female adults, and a special cottage for young children, containing 24 beds, with all accessories for power, laundry purposes, and general service for the plant are in process of erection, and it is expected that the entire plant will be completed by next June. The Trustees of the Home intend to furnish free accommodations to convalescents from institutions and also from the community in general, and plan to have a city office for the consideration of applicants desiring to avail themselves of the benefits of the country home.

There has been great need for an institution of this kind, where provision shall be made for a class who, up to the present, have been but insufficiently cared for. The Convalescent Home will prove a blessing to our community, and should receive the warmest co-operation from our charitable institutions, whose work it will so helpfully complement.

THE MOUNT SINAI TRAINING SCHOOL FOR NURSES.

The Mount Sinai Training School renders invaluable practical services in more ways than appear at first thought. Its obvious mission is, of course, to educate a corps of women who shall be competent in caring for the sick, either in hospitals or in private homes—a very excellent purpose, and one which, alone, would recommend the school to generous consideration. But it has a second mission, whose results from an economic standpoint

are certainly no less far-reaching and influential—that of fitting women to earn a livelihood through noble work. Any support given to the School, like seed planted in fertile ground, will yield good fruit.

The Training School has increased during the past year—has furnished the Hospital with a greater number of nurses than ever before—and is, therefore, entitled to additional support.

Mr. Murry Guggenheim has made the Mount Sinai Hospital trustee of securities which will yield a yearly income of \$1,200. This income is to be annually expended for twelve scholarships of \$100 each for the benefit of the Nurses of The Mount Sinai Training School. The thoughtful generosity of Mr. Guggenheim will surely yield the most salutary results. It will lead more women to elect our school for their course of study and will stimulate them, through competition, to greater efforts in their work. It is to be expected, then, that through this well-placed gift our Hospital will become equipped with a corps of nurses even larger and more efficient than the one we have at present.

THE HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

The report of the Hospital Saturday and Sunday Association for the year 1904 shows that during that year the 38 allied hospitals extended to the sick poor of New York City over one million days of free care, at a total expenditure of \$2,618,367.27. The report further shows that the total collections from all sources were: designated, \$6,294; undesignated, \$82,540; together, \$88,834. Of the undesignated sum, \$76,000 were distributed on the basis of free days of care among the hospitals belonging to the Association. The Mount Sinai received \$5,059, the largest share apportioned to any one of the general hospitals.

These simple figures indicate how invaluable is the assistance rendered by the Association, and how indispensable are the hospitals, maintained by private contribution, for the relief of those requiring gratuitous medical aid. The importance of the work of the Association cannot be over-estimated, and its activities deserve the warmest encouragement. The collections designated and undesignated are channels through which persons of the most diverse stations in life may offer their contributions for the support of the steadily increasing hospital work in our community.

MEDICAL STAFFS.

Our Medical Staffs, justly recognized for their ability and skill, which they have conscientiously used in the care of our patients, have, in no small measure, contributed to the high standing of our Institution.

Our Consulting Staff consists of: Drs. A. Jacobi and E. G. Janeway, Consulting Physicians; and Drs. Daniel W. Stimson and William F. Fluhrer, Consulting Surgeons.

Our medical departments are officered as follows:

Surgical Department—Drs. A. G. Gerster and Howard Lilienthal, Attendings; Drs. A. A. Berg, A. V. Moschcowitz, Joseph Wiener and Charles A. Elsberg, Adjuncts.

Medical Department—Drs. Julius Rudisch, Alfred Meyer, Morris Manges and Nathan E. Brill, Attendings; Drs. D. H. Davison, Henry W. Berg, E. Libman and Albert Kohn, Adjuncts.

Children's Medical Service—Dr. Henry Koplik, Attending; Dr. Henry Heiman, Adjunct.

Ophthalmic and Aural Department—Dr. Emil Gruening, Attending; Drs. Charles H. May and Carl Koller, Adjuncts.

Gynaecological Service—Drs. Joseph E. Brettauer and Florian Krug, Attendings; Drs. Hiram N. Vineberg and Samuel M. Brickner, Adjuncts.

Dermatological Department—Dr. S. Lustgarten, Attending; Dr. F. Leviser, Adjunct.

Neurological Department—Dr. B. Sachs, Attending; Dr. William Hirsch, Adjunct.

Genito Urinary Service—Dr. Herman Goldenberg, Attending; Dr. Martin W. Ware, Adjunct.

Laryngological Department—Dr. D. Bryson Delavan, Attending; Dr. Emil Mayer, Adjunct.

On behalf of our patients, to whom they have ministered with fidelity and skill, we express our thanks as a due recognition of their devotion to our cause.

DISPENSARY STAFFS.

With an average daily attendance of 460 patients in our Dispensary, a largely increased service, its Medical Staffs have been called upon to devote more time for the care of their respec-

tive departments, and have responded with a readiness and efficiency which deserve our grateful acknowledgement. There are 27 departments in this branch of our service, in charge of 27 chiefs and 76 assistants.

DISTRICT SERVICE.

We thank Drs. M. Katzenberg, F. L. Wachenheim, Harry Rodman, Julius Tannenbaum, Henry M. Koles, H. O. Wolff, I. Horwitz, and I. Rosen, composing the staff in charge of this service, for their faithful attendance at their homes of such patients who, at times, could not be admitted into the Hospital. Dr. Martin Cohen, who resigned from this staff, merits our acknowledgment for duties well performed.

HOUSE STAFFS.

Having served their full term, the following members of the House Staff retired on the 1st of July last. Drs. George W. T. Mills and Samuel Feldstein, House Physicians, and Drs. Solomon Hyman and Isadore Seff, House Surgeons. Drs. G. A. Fried and Leo Kessel, House Physicians, and Drs. William J. Haber and Horace L. Leiter, House Surgeons, retired on the 1st of January. Since their service had been satisfactory, they were, upon the recommendation of the Medical Board, concurred in by ours, awarded the usual diplomas and souvenirs.

Dr. Albert G. Swift, the resident Surgeon of the Private Pavilion, retired on the 1st of December last, having filled his position for eighteen months with ability and conscientiousness. Dr. Edwin A. Riesenfeld, his assistant, was appointed resident, and Dr. William Branower, assistant resident Surgeon of the Private Pavilion.

PATHOLOGICAL DEPARTMENT.

This valuable branch of our medical organization is increasing in usefulness, and deservedly in its renown for important contributions to scientific development. The department is in charge of Dr. F. S. Mandlebaum, Pathologist; Dr. E. Libman, Assistant Pathologist; Dr. E. P. Bernstein, Second Assistant Pathologist; Dr. Herbert L. Celler, Laboratory Assistant; Dr. Leo Buer-

ger, Pathological Interne; Dr. Samuel Bookman, Physiological Chemist, and Dr. Edward A. Aronson, Assistant Physiological Chemist.

Our esteemed colleague, Mr. Adolph Lewisohn, from due appreciation of the value to mankind of the scientific researches made in the Laboratory, has voluntarily assumed the maintenance of this department—an act of generosity which deserves mention and gratitude.

RADIOGRAPHIC DEPARTMENT.

Dr. Walter M. Brickner, Radiographist, and his assistant, Dr. Gottlieb Sternberg, have superintended this service to the satisfaction of our Medical Staffs.

ANÆSTHETIC DEPARTMENT.

This important service is in charge of Drs. Thomas A. Bennett, Myron P. Denton, and Charles J. Pick, who are well known for their ability and skill in Anæsthesia.

ADMITTING PHYSICIAN.

Dr. Max Rosenberg continues to fill this position with faithfulness. The largely increased number of applications has necessitated the appointment of an assistant, which place has been given to Dr. B. Sutro Oppenheimer.

ADMINISTRATIVE STAFFS.

Dr. S. S. Goldwater, our Superintendent, has, with rare ability—the outcome of his thorough knowledge of hospital affairs—successfully coped with the many problems presented in our new and larger sphere. He has filled his responsible position in a manner which has won the respect and confidence of the Lay and Medical Boards and of the public in general.

Dr. Sidney E. Goldstein, a graduate of the Hebrew Union College, Cincinnati, Ohio, was appointed Assistant Superintendent, and entered upon his service last May, since which time he has proven himself diligent and conscientious in the discharge of his duties.

Mr. Gustave Abrams, our Assistant Secretary, continues the

faithful, vigilant officer of his bureau, constantly on the alert to promote the interests of our Institution.

Mrs. Camilla Minzesheimer, the Matron, deserves commendation for her painstaking efforts in the management of her department, and her due regard for the welfare of our patients.

APPOINTMENTS.

Mr. Jacob Frankenthal was appointed on our Board to fill the vacancy caused by the death of Mr. Simon Rothschild.

Dr. Charles J. Pick was appointed anæsthetist, in place of the late Dr. M. L. Maduro.

Dr. Emil Mayer was appointed chief of the Ear and Throat Department in the Dispensary, in place of Dr. E. L. Meierhof, who resigned after a long and faithful service.

Dr. Walter M. Brickner received the appointment of chief of the Surgical Department in the Dispensary, in place of Dr. H. J. Schiff, who died last summer. Dr. Schiff was one of the oldest physicians in the Dispensary Service. He was well regarded by our Board, and greatly esteemed by our patients, to whom he ministered with skill and conscientious devotion.

Dr. Gottlieb Sternberg was appointed Assistant Radiographist.

PRIVATE HOSPITALS.

We now and then hear the thought expressed that the hospital maintained by private effort has no right to its existence—that the State or City should make provision for the sick poor who are dependent upon others for care. A moment's thought—a merely cursory investigation will show how untenable this position is.

Without considering the question as to whether the public hospitals give the patient as good care as the private—whether State or City management renders charitable institutions more mechanical and less humane in their benefits—the ennobling influence which work of this nature exerts upon the large body of men and women who give time and means to the needy who receive, would sufficiently justify the existence of the private hospital. Under State or City control, we should contribute a certain sum through taxation and go our ways content—giving no further consideration to the management of hospital affairs. But in the

case of the private hospital, we feel a personal responsibility—almost an individual challenge for its success. Can there be any doubt that the assumption of a duty so sacred as that of charity to one's fellow men—personal, individual charity—must ennoble and uplift, where the casting it off upon the machinery of State or City management, would chill our tender impulses and cause us to become more narrow and indifferent to the suffering that surrounds us? And in making us broader and better men and women—and, therefore, better citizens, does not the private hospital confer a great benefit upon the State and City?

From a financial viewpoint also, the City is incalculably benefited. It is true that hospitals are exempt from taxation, but, on the other hand, such buildings, though erected through private funds, are devoted to public uses and, in that sense, belong to the City to whose charge the care of the sick poor must otherwise fall. Take, as an instance, a plant that costs a million dollars. Applying the present rate of taxation, the exemption would amount to about \$15,000 per annum. But a hospital of that size, assuming duties which under any other conditions the City would have to discharge, makes manifold return to the City by devoting to a public cause a sum amounting, not to \$15,000, but to many hundreds of thousands collected from private sources. And were the City obliged to appoint salaried staffs to take the place of the many thousands of prominent, benevolent, responsible men and women who now voluntarily and gratuitously take charge of these private institutions, giving their time, ability and conscientious devotion to this labor of love, would it not entail the expenditure for management of a very large sum of money by the City?

In a financial sense, therefore, the City is the gainer through the existence of private hospitals, and, as we have shown, in a moral sense, the gainer also through the ennobling influence hospital work exerts on the individual. Then, even though public management should prove as efficient and as humanely charitable as private—a point which is open to serious discussion—the balance of favor still lies with us and urges the continuance of the private hospital.

HOSPITAL SUPPORT AND EVOLUTION.

Much has been said and written on the increased per capita cost per diem of hospital care of patients—and occasionally from

a casual glance at the figures, without due investigation, the intimation is made that there is undue extravagance in hospital management at the present day. A careful study of the facts and conditions does not justify such a conclusion.

It is not within human possibilities even with the exercise of the most scrupulous vigilance and most rigid economy in the management of any home, organization or institution to prevent all waste. But such involuntary waste, which cannot be completely stemmed, should not in any sense be regarded as synonymous with extravagance.

Even though the actual cost per capita in dollars and cents may be somewhat larger, the whole system of hospital management has become so much more complex, so vastly improved and perfected, that, in reality, every dollar spent has yielded in exchange at least as much, and perhaps more than when the average was lower. Elements over which we have no control, such as the rise in the price of labor, materials and food, help to swell the sum of our outlays.

In the present per capita cost per diem, care and provision for services, unknown in former days, are included. There are more departments, and each is more fully equipped. To enumerate each one of the improvements that has been made—whose maintenance naturally demands increased expense, would require too much space. A general classification and mention of the more important innovations during the past twenty-five years must suffice.

The improvements have been along four general heads:

- 1.—Sanitary.
- 2.—Scientific and Therapeutic.
- 3.—Humanitarian.
- 4.—Household.

Under the first division—that of sanitation—comes all the vast work of sterilization and of care for aseptic conditions in the various departments, and mainly in the surgical. Obviously, a larger staff is required for the thorough supervision and execution of this work.

Under the scientific and therapeutic improvements, are the introduction of pathological, bacteriological and chemical laboratories, the X-Ray laboratories and treatment rooms, the neurological treatment rooms, the hydro-therapeutic department, surgical,

medical, aural and ophthalmic examining rooms, and living accommodations for the larger staff of physicians necessitated by modern methods of investigation and treatment.

On the humanitarian side, progress has been made—for example, in the establishment of an ambulance service; in the extended facilities for the treatment of ambulatory patients; in the provision for a decent mortuary and funeral chapel for the use of the poor; in the improvement in trained nursing, which, of course, involves support and increased quarters for the larger staffs.

Under the fourth and last division—that of household advantages—we have the introduction of a higher grade of food for patients, staffs and employees; of diet kitchens attached to the wards; larger laundries and their equipment to meet the demand for greater cleanliness in the wards, and suitable living accommodations for the larger number and better classes of help who have charge of all the departments.

This list, long as it is, contains but partly the number of improvements along every line which the development of hospital work during the past few decades has brought with it. We cannot doubt or question that it is our duty to grant to the poor, whom we take under our protection, every advantage it is in our power to bestow. And, after we have glanced even thus hastily through the number of beneficial innovations that have been made, does it not seem as though, far from being thoughtlessly or recklessly expended, the funds for hospital work must have been thriftily husbanded to yield benefits so greatly out of proportion to the increase in the per capita per diem cost?

ACKNOWLEDGMENTS.

Our Hospital has kept free of all debts but those we owe to many kind friends, which are of a nature delightful rather than onerous. One of the chief of these creditors is the firm of Hoadly, Lauterbach & Johnson, who have, during the past year, as for the twenty previous ones, gratuitously given us the benefit of their eminent services. We offer to these unwavering champions of our Institution our profound gratitude—the only recognition of their generosity which they will consent to accept.

We are also indebted to the Rev. A. Blum, representing the Jewish Board of Ministers who visited our patients, and to the

pastors of St. Cecelia's Church, on East One Hundred and Sixth Street, who have responded to calls from our patients of the Catholic faith.

Thanks are due and tendered to the Hon. Edward M. Grout Comptroller; Hon. James H. Tully, President of the Department of Public Charities, and to the Hon. George M. Meeks, Superintendent of the Outdoor Poor Department, for courtesies extended, also to the Hon. William G. McAdoo, Commissioner of Police, for his kindness in stationing a police officer in our buildings. Favors were extended to us by the St. John's Guild and the Hydriatric Institute; also by Mrs. Sidney Dillon Ripley, in setting aside a crib in the Country Home for Convalescent Babies for the exclusive use of infants recommended by The Mount Sinai Hospital.

To the Editors of the daily, weekly and monthly journals, listed under the head of "Donations in Kind," who have gratuitously supplied our patients with copies of their publications, we offer our grateful appreciation of their thoughtful attention.

Our patients have been the recipients of acts of kindness from many others. Though lack of space prevents special mention, such interest in our work is not overlooked and due recognition will be made in our printed report.

The strength of our Institution lies largely in the harmony of the members of our Board, and in the ready co-operation of the heads of our respective departments.

This vast organization and its immense machinery work concertedly and without jar or friction. We are, indeed, as a family, imbued with one common purpose—one objective point, to which all other interests are subordinated—the welfare of the patient in our charge. The detailed work is done by our respective committees, who respond with promptness, business capacity and faithfulness to the matters placed in their hands. I desire to tender to each and every member of our Board my sincere thanks for their valuable assistance in the administration of the affairs of the Hospital.

I may be pardoned for making an acknowledgment which is entirely unsought and actually objected to by our Directors. Yet, in this, the President's Report, I feel privileged to introduce these words of recognition as a prerogative, which I exercise for the first time. I want to state that since the project of building a new hospital was started in 1900, our Directors, with subscrip-

tions to the building fund, donations and endowments, have given over \$650,000 to the treasury of our Institution. Mention is made of these contributions without desire on my part to glorify their liberality. They seek no thanks. My object in referring to this fact is simply to have it serve as an example for others to emulate and to show that the Directors share to a large extent with the public the financial obligation of maintaining and providing for our Institution.

Mount Sinai Hospital has ever recognized the universal brotherhood of man, and naturally so. For are not sickness and suffering, which it constantly combats, forces which know no distinction, and which visit alike the rich and poor, high and low? Our Institution has always realized the interdependence of man—how much our strength lies in banding together against a common foe. In this realization and conviction, it has eagerly assumed the responsibilities and discharged the obligations imposed upon those who, because of their better condition in life, are able and owe it to others to assist them in their struggle against disease and the dire vicissitudes with which life's pilgrimage is beset.

And, in this spirit of benevolence and progress, our Hospital has fostered scientific development. By its perfect equipments, it has enabled students to gain experience, to assimilate the most comprehensive data, and to advance to a plane of original research and discovery.

In even a broader sense has our Hospital been an educational force. It is a little world in itself—where many dramas are enacted. Every man who has had the privilege of working in its cause must surely become broader in spirit, kinder in heart, higher in mind, with a fuller comprehension of the great world in which he lives.

Emblematical of its threefold mission, may its banner with the motto, "Benevolence, Science, Education," wave over Mount Sinai for all time to come.

And this Temple of humanity—this House of noble deeds, builded to the glory of the Lord—is an inspiration to those who maintain it, a blessing to those who come within its walls for relief, and an offering which is acceptable in the sight of Him who rules on high.

Respectfully submitted,

ISAAC WALLACH, *President.*

Extracts from the Constitution on Perpetual, Memorial and Life Beds.

- A Contribution of \$1,500* to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.
- A Contribution of \$2,500* to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of not over fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.
- A Contribution of \$5,000* to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1st, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.
- When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.
- Tablets to commemorate the Endowment of Life, Memorial and Perpetual Beds shall be placed in the ward selected by the donor, subject to the rules of the Hospital. Tablets for Life Beds shall be maintained during the life of the donor. Tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment—such period, however, not to end before ten years from the death of the donor. Tablets for Perpetual Beds shall be maintained in perpetuity.
- A donor may change a Life Bed* endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.
- No patient shall occupy a Life, Memorial or Perpetual Bed unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.
- An endowment for the establishing of any special fund* may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.

MINUTES

OF THE

ANNUAL MEETING OF THE MEMBERS

OF

The Mount Sinai Hospital of the City of New York

HELD JANUARY 13, 1907.

The Vice-President, Mr. Isaac Stern, in the Chair. The full Board and a quorum present.

The reading of the minutes of the last annual meeting as well as the reading of the Treasurer's report was, upon motion, dispensed with.

The following letter was received from the President, Mr. Isaac Wallach:

New York, January 13th, 1907.

Isaac Stern, Esq., Vice-President, Mount Sinai Hospital, New York City:

My Dear Mr. Stern—I send hearty greetings to you, to our fellow officers and directors, to the representatives of our sister institutions, and to all the members of the Mount Sinai Hospital, assembled at our annual meeting.

I am reluctantly and regretfully compelled to obey my doctors' orders, who, deeming it too much excitement and too great a strain, have peremptorily forbidden my being with you at our meeting to-day.

Please present my thanks to our members for the confidence which they have reposed in me, in honoring me with the office which it has been my pride to hold.

Accept my congratulations and extend same to our constituents upon your nomination to the presidency of our Hospital. I know that the interests of our Institution will be safe in your hands, and that, under the guidance and administration of yourself and our co-directors, Mount Sinai Hospital will continue in its successful career in fostering benevolence, education and science.

Whatever I can do, in my humble way, in furthering its cause, will at all times be at the service of the Hospital.

With expressions—to you and to our colleagues—of the friendship which has marked our mutual relations for so many years, I remain,

Faithfully yours,

ISAAC WALLACH.

Mr. Isidor Straus then offered a resolution that a letter be sent to Mr. Wallach, to the effect that his enforced absence was a source of sincere sorrow to those gathered at the Hospital at this occasion, and that the feelings of gratitude which the members of the Hospital have felt toward him for many years for his unselfish devotion to the interests of the Institution were never greater than at the present moment. This resolution was seconded and unanimously carried.

The report of the President was then read, whereupon it was moved, seconded and carried that said report be printed and mailed to the members of the Hospital.

Mr. Jacob H. Schiff then addressed the meeting, and after thanking the members of the Board of Directors for their unflagging zeal in behalf of the Institution, referred to the resignation of President Wallach in warm terms of appreciation of his past services, and expressed the hope that the Hospital would continue to profit by the advice and counsel which Mr. Wallach would offer in his capacity as a Director of the Institution.

The meeting then adjourned for the purpose of proceeding with the election of Officers and Directors.

LEO ARNSTEIN,
Secretary.

PRESIDENT'S REPORT.

NEW YORK, January 13th, 1907.

To the Members of the Mount Sinai Hospital:

Society, in the more modern conception of its obligations, has banded together for the nurturing and education of the young, the reverent care of the aged, the relief of the sick, and the assistance and protection of the helpless and destitute.

Imperative as is the call of each of these obligations, that of the care of the sick is, because of its broad and all-inclusive nature, the greatest. The sufferer may be among either the aged or the helpless young, and may—nay often is—an unfortunate, bowed down by the burden of poverty as well as by disease.

Aside from this far reaching influence in the sphere of charitable work, the Hospital, by giving to the bread-winner that greatest of all his resources—health—is an invaluable support to family life, and no insignificant agent in the field of social work.

Finally, from the educational opportunities and scientific stimulus it offers, the Hospital extends its influence and pulses throughout the world. Discoveries made in the remotest countries are freely and gladly transmitted to all scientists, to be used by them for the benefit of no one class of people, but for the help of all mankind. The usefulness and power of the Hospital are indeed immeasurable.

In scanning the following statistics, those who have contributed to the maintenance of our Hospital must feel pleasurable satisfaction in the record, which shows that our service this year has been the largest in the history of our institution.

Though we have, with conscientious care, turned to the best account the resources placed at our disposal, our budget this year shows, we regret to say, a considerable deficit.

We have been obliged to use all the legacies and bequests received by the Hospital during the past year, and there is, nevertheless, a deficit of nearly \$9,000. Every regard for due economy has been exercised. At the same time, the service must be provided for, and our patients must receive such care, nursing and nourishment as are essential to their well doing.

Aside from this, the higher cost of food and all other supplies has much to do with the increase of our expenses.

There is no way of keeping down the expenses of the Hospital except by a reduction and impairment of its service, which we feel confident is not the wish of our Jewish community.

But one effective remedy can be applied to avoid a repetition of this deficit in the future—increased support for the Hospital. With so large an institution and such complete staffs and equipment to be maintained, it is a preassured fact that our present receipts will be inadequate. Will you not, one and all, aid us in securing larger funds for our work? Will you not promptly and energetically join with us in a determined attempt to keep Mount Sinai Hospital free from the shackles of debt? Surely an appeal for such a worthy cause should meet with a sympathetic response.

An institution like ours depends partly upon voluntary contributions—especially at the present time—with its larger work and cost of maintenance.

In expressing the thanks of our Board to those who have thus aided us during the past year, let us encourage our community to remember the Hospital with gifts of thankfulness for every joyful event in their family circle.

PERPETUAL BEDS.

The following Perpetual Beds were dedicated during the year:

In memory of Cecilia Borg, by her children.

1500. The Helen Morgenthau Fox Life Bed, by Mr. Henry Morgenthau.

Those who have created these dedications—whether from a desire to honor the living, or to perpetuate the memory of the departed—will find comfort in the thought that they have thus aided in the support of a work which stands for the highest exemplification of human endeavor in the field of benevolence.

DEATHS.

Death has visited us once more and has left its shadow on the otherwise bright page of our annals. It is with profound sorrow that we miss the familiar faces and the helping hands of the many who, through their virtues and achievements, became dear—not to their family and friends alone, but to the community whose benefactors they were.

Recognizing the value of their example and sorrowfully realizing the loss we have sustained, we record the deaths during the past year of the following members of our institution.

May their example be a heritage and a blessing to those who were dear to them, and who mourn their loss.

A special meeting of the Board of Directors was called on the 28th of August last to take action on the death of Adolph Herrmann.

At a special meeting of the Board of Directors of Mount Sinai Hospital held on August 28th, 1906, announcement was made of the demise of their colleague

ADOLPH HERRMANN;

whereupon it was resolved to enter upon the minutes the following sentiments and expressions of the Board:

ADOLPH HERRMANN, who was actively engaged in the work of this Hospital as Director from 1887 to 1901, and who since that time has lent us his counsel in the capacity of Honorary Director, will be ever remembered by his colleagues as one whose efforts were unceasingly devoted to the furthering of the best interests of this Institution.

HIS work on behalf of the sick and the needy was performed in an unselfish and altruistic manner, and great praise is due him for the many years of conscientious work he did on behalf of his less fortunate brethren.

DEEPLY impressed with a sense of the great loss which the community has sustained in the death of so ardent and unselfish a worker in the cause of humanity, a loss which each one of his fellow Directors feels as a personal one, we tender to his bereaved family this expression of our sincere sympathy.

IT WAS RESOLVED that the flag of the Hospital be lowered to half mast as a mark of respect, and that these resolutions be published and a copy thereof be sent to the family of the deceased.

David Wile, Vice President, died on the 24th of September, 1906, and a special meeting of our Board was called on the 25th of September, when suitable action was taken with reference to his death and resolutions were adopted, as follows:

At a special meeting of the Board of Directors of the Mount Sinai Hospital held on September 25th, 1906, announcement was made of the death of

DAVID WILE,

Second Vice President of the Institution;
whereupon it was resolved to enter upon the minutes of the Board the following sentiment:

The grim hand of Death has once more been laid upon one of our number, and we stand appalled, in contemplation of the irreparable loss we have suffered.

DAVID WILE has occupied so high a position in our love and esteem, and has served this Institution so unremittingly, that we cannot grasp the thought that he is to be with us no more.

ACTIVE in the counsels of our Board for seventeen years, and filling the position of an executive officer during the past four years, he has identified himself with every forward stride in the development of the Hospital, and has worked unselfishly and to great purpose for its betterment. His splendid accomplishment in connection with the equipment of the new buildings will ever serve as a monument to his memory.

A lover of mankind, his every thought was devoted to others, and the rich harvest of love and honor that he reaped was fully deserved. Enterprising though conservative, just while merciful, he was a well rounded man who filled his place in the community with distinction.

To his bereaved family we extend this expression of our sincere sympathy and heartfelt condolence.

It was furthermore RESOLVED that the Directors attend the obsequies in a body; that the flag of the Hospital be lowered to half mast until after the funeral; that these resolutions be published in the daily newspapers, and an engrossed copy be sent to the family of the deceased.

Since the writing of this report we are called upon to record the death of Emanuel Lehman, a former President of the Hebrew Orphan Asylum, and a prominent figure in our commercial life. Unassuming in his personality, noble in thought and deed, his generous nature prompted him to help the needy and uplift the lowly. His geniality, altruism and sterling character deservedly won the respect and love of his fellowmen. His memory will be enshrined in the hearts of the living as an illustrious example of a truly good man.

LADIES' AUXILIARY SOCIETY.

If our appreciation were to be weighed and measured in proportion to the amount of work accomplished, we should have to double our thanks to the ladies of the Auxiliary Society, for they, like the other departments of the Hospital, have this year accomplished nearly twice as much as last year, in supplying our patients with linens, bedding and clothing. In the old Hospital, provision was made for about 225 patients; here, in the new, for nearly 450. This enormous increase levies a double tax on the resources of the Ladies' Auxiliary Society, and makes it necessary to increase its income.

At present, the Society has only 1200 members, each paying \$5 annually. The income from these dues is altogether insufficient for the carrying on of their work. As a remedy, it has been suggested that there be created a new class of contributors, each of whom shall pay \$10 annually, a sum which many of our ladies will be willing to give; and, furthermore, that to the body of Jewish women not yet contributing, an appeal be made, urging them to do their share toward the support of the highly commendable and valuable service of our Ladies' Auxiliary Society.

The officers of the Society are: Mrs. M. H. Moses, President; Mrs. J. A. Cook, Vice-President; Mrs. L. Bernheimer, Second Vice-President; Mrs. Julius Beer, Treasurer; Mrs. J. A. Arnold, Secretary, to whom, as well as to all of its members, our special thanks are due for their faithful devotion and their readiness to take charge of and provide for an important part of our service.

THE MOUNT SINAI HOSPITAL ALLIANCE.

The Mount Sinai Hospital Alliance has added another year to its record of good work. This Alliance is composed of young men and women, through whose practical interest in our Hospital work, our X Ray Department and the Solaria are maintained and cared for at a cost of \$1600 annually. We thank this Association for the successful work they have accomplished. The officers of the Alliance are:

Mr. Max L. Schallek	<i>President.</i>
Miss Emily Amson {	<i>Vice-Presidents.</i>
Mr. C. A. Jacobs }	
Mr. Chas Bretzfelder	<i>Treasurer</i>
Mr. Leon Huhner	<i>Rec. Secretary.</i>
Miss Mina Moeller	<i>Cor. Secretary.</i>

MOUNT SINAI HOSPITAL ASSOCIATE MEMBERSHIP COMMITTEE.

Through the efforts of the Mount Sinai Associate Membership Committee, the interest which our Hospital awakens has not only been maintained, but has been constantly stimulated and extended. This enlistment of new friends for our institution is of greatest importance, and to the gentlemen who have so enthusiastically and effectively espoused the cause of the Hospital, our thanks are eminently due.

It is our hope that this Committee may be relied upon to gain for us during the coming year a part of that increased support of which our statistics show us to be so urgently in need. Our hope is well based on their record for the past 12 months, which shows that the Committee has enrolled 269 members, 14 patrons, 1 associate donor, and has changed 8 members to patrons, 3 patrons to associate donors, and 2 patrons to donors, representing an added annual contribution of \$3,425.

We regret to be obliged to record the resignation of Mr. B. G. Paskus, who has been President of the Society since it was organized, and who has at all times shown himself a most capable officer and a man who was deeply interested in the work. We thank him for his devotion to our cause, and sincerely hope that the severance of his official relations will not in any way diminish his ardor for the welfare of our institution.

SISTER INSTITUTIONS.

We may well speak of our various charitable institutions as sisters. Like members of a harmonious family, they, both singly and in a body, have the same humane interest at heart, and, with a meed of success, for which we should all be thankful, have worked for the welfare of mankind and the amelioration of poverty, of ignorance and of disease.

The institutions which have more particularly combated ignorance and dispelled its darkness have been the Educational Alliance, the Hebrew Technical Institute, the Hebrew Technical School for Girls, the Young Men's Hebrew Association, and the Young Women's Hebrew Association. The charitable institutions, properly speaking, are the Hebrew Orphan Asylum, the Sheltering Guardian Society, the Hebrew Infant Asylum, United Hebrew Charities, the Montefiore Home, the Home for Aged and Infirm Hebrews, the Mount Sinai, Lebanon and Beth Israel Hospitals, and the sisterhoods connected with our congregations.

Several of our patients, coming within the scope of their work, were received during the past year by the Montefiore Home, the Isabella Heimath, and the Solomon and Betty Loeb Memorial Home, for which favors we express the gratitude of our Board.

We received patients from the Hebrew Orphan Asylum, Hebrew Sheltering Guardian Society, United Hebrew Charities, Home for the Aged and Infirm Hebrews, the Emanuel-El Sisterhood, Beth-El Sisterhood, and the Nurses' Settlement. We are grateful to have been able to extend the facilities of our institution to these worthy societies.

THE SOLOMON AND BETTY LOEB MEMORIAL HOME FOR CONVALESCENTS.

Mention was made in our report of last year of the Memorial Convalescent Home, which was to be founded and maintained by the children of the late Solomon and Betty Loeb. The donors

set apart the sum of \$250,000 for the purchase of land and the construction and equipment of the buildings of the Home—for the maintenance of which the income of an additional sum of \$500,000 was donated by the same members of the Loeb family.

On October 27th, 1906, at East View—with appropriate exercises—was held the dedication of the Home. Over three hundred persons attended the ceremony and were greatly interested and pleased in visiting the various buildings.

The Convalescent Home is an institution of great importance to our Jewish community and to hospitals. It takes charge of the patient where the hospital, through pressure of more urgent cases, is compelled to leave him—without positive illness, yet not completely restored to health and strength. As a preventive also, the ministrations of this Home will be of incalculable value in relieving the over-crowded hospitals, since those among the poor who have become weakened, and to whom a rest in the country means the warding off of disease—will be welcomed at the East View Convalescent Home.

In order that this Memorial Home may become an institution suitable for the reception of persons of moderate means, as well as of charity cases, all applicants able to do so will be expected to pay a maximum fee of \$5 a week, the amount to be reduced in proportion to the means of the patient.

An office has been opened in the Hebrew Charities Building, No. 356 Second Ave., where applications for the reception of cases should be made.

As time goes on, and the benefits of this Home are brought to us with increased definiteness, we shall realize and value, even more fully, the good which is being accomplished through the generous charity of the members of the Loeb family.

The Convalescent Home is destined to become a fitting tribute and a blessed memorial to the names of Solomon and Betty Loeb.

THE MOUNT SINAI TRAINING SCHOOL FOR NURSES.

We have again received assistance from our faithful and efficient adjunct, the Mount Sinai Training School for Nurses.

This School, as in past years, has sent out reinforce-

ments of women, whose careful training equips them for the difficult service of the sick room. Did we wish to appeal to sentiment alone, it would be no difficult matter to secure from grateful patients, a testimony of recognition so eloquent that we should realize keenly the worthiness of the work done in the Training School. But also from an educational standpoint, in enabling trained nurses to satisfy their laudable ambition, and from an economic point of view, in making self-supporting a class of women whose numbers increase year by year, the Training School, with unanswerable arguments, demands of the public generous support and unqualified commendation.

HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

As an evidence of the necessity in caring for the sick poor of hospitals maintained by private contributions, we adduce the following significant figures from the last report of the Hospital Saturday and Sunday Association, representing 39 of our leading institutions.

Total number of days of hospital care for free patients for the year, 969,897, of which the Mount Sinai Hospital gave 91,000, or nearly one tenth. The total collections were—designated: \$4,787.32, of which \$150 was for our institution; undesignated, \$86,179.36. Of the latter sum, \$81,000 was distributed, and \$8,100 (the largest amount to any one of the Hospitals) was apportioned to Mount Sinai by the Committee. The total amount expended for support last year by the 39 allied Hospitals was \$2,775,858.54.

The Association by its ability to reach people of all classes and to offer them, through designated and undesignated collections, the opportunity of giving each according to his means, has become one of our valuable assistants. Its increased collections from so many sources, represent a very widespread and gratifying interest in hospital work.

MEDICAL STAFFS.

Twenty-five or thirty years ago, from the lay standpoint, it was regarded as heresy to consider the patient as furnishing material for education, and the doctor was expected to view him

only from the benevolent side. Not so now. It is well understood that the Hospital must furnish the facilities and opportunities for education, research and experience—not alone for the benefit of those within, but also for those outside of such institutions.

We all realize that a hospital building is but a house with four walls; that with perfect equipment and paraphernalia—even with every bed occupied, it is not yet a hospital, and that it only becomes completely so with the introduction of its medical staffs.

The laity can give only time and means for the management and support of these institutions, but money will not heal, nor can it cure. It is the medical officer on guard, who repels the onslaughts of disease—so often with great privation, personal discomfort and self sacrifice—who accomplishes results for which hospitals are founded and for which the lay manager often takes too large a share of credit.

When the battle against disease is fought, victory achieved and life saved, let the doctor, too, have the full measure of thankfulness to which he is entitled.

It is a fortunate condition that the humblest and poorest individual may have the benefit of service from the skilled and eminent staff of physicians attached to our institutions.

It is, therefore, with pardonable pride that we make mention of the members of our medical staff, and with deep sincerity—in the name of all those to whom the interests of Mount Sinai Hospital are dear, and on behalf of the patients whom they have so willingly and ably aided, that we thank these gentlemen for their untiring conscientiousness and their devotion and faithfulness to an exacting duty.

Our medical departments are officered as follows:

Surgical Department—Drs. A. G. Gerster and Howard Lilienthal, Attendings; Drs. A. A. Berg, A. V. Moschcowitz, Joseph Wiener and Charles A. Elsberg, Adjuncts.

Medical Department—Drs. Julius Rudisch, Alfred Meyer, Morris Manges and Nathan E. Brill, Attendings; Drs. D. H. Davison, Henry W. Berg, E. Libman and Albert Kohn, Adjuncts.

Children's Medical Service—Dr. Henry Koplik, Attending; Dr. Henry Heiman, Adjunct.

Ophthalmic and Aural Department—Dr. Emil Gruening, Attending; Drs. Charles H. May and Carl Koller, Adjuncts.

Gynaecological Service—Drs. Joseph E. Brettauer and Florian Krug, Attending; Drs. Hiram N. Vineberg and Samuel M. Brickner, Adjuncts.

Dermatological Department—Dr. S. Lustgarten, Attending; Dr. F. Leviser, Adjunct.

Neurological Department—Dr. B. Sachs, Attending; Dr. William Hirsch, Adjunct.

Genito Urinary Service—Dr. Herman Goldenberg, Attending; Dr. Martin W. Ware, Adjunct.

Laryngological Department—Dr. D. Bryson Delavan, Attending; Dr. Emil Mayer, Adjunct.

DISPENSARY STAFFS.

Our Dispensary, with its constantly increasing number of patients, requires a proportionate increase in energy and efficiency from its attending physicians. To these demands, the 27 chiefs and 76 assistants, who have charge of the 27 departments of this branch of service, have willingly and ably responded. We appreciate and thank them for the thoroughly satisfactory discharge of their duties.

DISTRICT SERVICE.

Drs. F. L. Wachenheim,
Harry Rodman,
Julius Tannenbaum,

Drs. Henry M. Koles,
Herman O. Wolff,
I. Horowitz,

I. Rosen.

by attending at their homes those patients, who, for various reasons, at the time of their application, could not be received in the hospital wards, have enabled us to extend our work beyond the limitations of our hospital walls. We gratefully acknowledge the competent and conscientious manner in which they have taken charge of our District Service.

HOUSE STAFF.

The following members of the Hospital staff retired on the 1st of July, 1906:

House Physicians—

Drs. Julius J. Hertz,
Jesse G. M. Bullowa.

House Surgeons—

Drs. C. Morris Hatheway,
Milton Bodenheimer,

and on the 1st of January, 1907,

House Physicians—

Drs. Julian J. Meyer,
Max Taschman,

House Surgeons—

Drs. Ernest Sachs,
Solomon Wiener,

all of whom served their full term and in accordance with the recommendation of the Medical Board, approved by the Board of Directors, were awarded the customary diploma and souvenirs as a testimonial of their satisfactory service.

PATHOLOGICAL DEPARTMENT.

In this department, which is maintained by our generous fellow director, Mr. Adolph Lewisohn, Dr. F. S. Mandlebaum, Pathologist; Dr. E. Libman, Assistant Pathologist; Dr. E. P. Bernstein, Second Assistant Pathologist; Dr. Herbert L. Celler, Laboratory Assistant; Dr. Leo Buerger, Pathological Intern; Dr. Samuel Bookman, Physiological Chemist; Dr. Edward A. Aronson and Dr. Louis Hauswirth, Assistant Physiological Chemists, who are in charge, have made appreciative use of their opportunities, have given us service highly satisfactory to the Medical Board and to the lay friends of our Hospital, and have been useful, through the results of their thorough investigations, to those whose main interest lies in the furthering of science.

RADIOGRAPHIC DEPARTMENT.

This department has again been placed in the competent hands of Dr. Walter M. Brickner, and his assistant, Dr. Isaac Seth Hirsch, who have been faithful and painstaking in the carrying on of this valuable branch of our service.

ANAESTHETIC DEPARTMENT.

Drs. Thomas A. Bennett, Myron P. Denton and Charles J. Pick, physicians of unsurpassed ability, have had charge of our anaesthetic department, which they have managed with complete success.

ADMITTING PHYSICIAN.

Dr. Max Rosenberg, our Admitting Physician, is in charge of an important department—the one where patients are received and examined for assignment to the different wards.

This service calls for a high grade of medical skill in correctly diagnosing the diseases of the applicants. Dr. Rosenberg has assumed this position gratuitously, and we are profoundly thankful to him for his generosity and the conscientious application of time and effort in the discharge of his duties. He has been well seconded by Dr. B. Sutro Oppenheimer, his Assistant.

ADMINISTRATIVE STAFFS.

Dr. S. S. Goldwater, our able Superintendent, has during the past year, by his thorough grasp of hospital affairs, added to the satisfaction which his service during previous years has given to the lay and medical boards of our Hospital.

Dr. Sidney E. Goldstein, who, for more than a year, has filled the place of Assistant Superintendent, has proved himself faithful and painstaking in fulfilling the demands of his service. In Mr. Gustave Abrams, the Assistant Secretary, our institution possesses a tried, competent and trustworthy officer in this important department. Aside from the performance of his duties, he has constantly shown a deep interest in its work and, through

his individual efforts, has, during the past year, increased the membership of our institution.

Our matron, Mrs. Camilla Minzesheimer, has constantly shown zeal and interest in her endeavor to discharge the varied and onerous duties of her department.

APPOINTMENTS.

The following appointments were made during the last year:

- Dr. B. Sutro Oppenheimer as Adjunct Admitting Physician,
- Dr. Leo B. Meyer, Adjunct Surgeon to the isolation service,
- Dr. Louis Hauswirth as Adjunct Physician to the isolation service,
- Dr. Milton Bodenheimer was appointed resident physician to the private pavilion to succeed Dr. E. Riesenfeld, whose term expired on August 1st.
- Dr. J. J. Hertz was appointed to the newly created position of librarian,
- Dr. Isaac Seth Hirsch was appointed assistant radiographist in place of Dr. Gottlieb Sternberger.

PRIVATE PAVILION.

It is our desire to disabuse the public mind of an error which is widely prevalent. This error is concerned with the net income from our Private Pavilion, applied for the general support account of the Hospital for the care of its free patients. It is commonly, though erroneously, held that the greater part of the amount taken in yearly from patients occupying rooms in the Private Pavilion (which amounted to \$68,000 this year) may be regarded in its entirety as an income. As a matter of fact, after careful calculation, it has been definitely ascertained that the cost of properly running our Private Pavilion—the salaries of its large staffs of paid physicians, nurses and efficient attendants for the general administration—aside from the cost of food and medical supplies, is so great that the lower and medium priced rooms are let out at a positive loss to the Hospital. When it is considered how large a proportion of our private rooms are secured at a very moderate price, the fact will be recognized

that the surplus or income from our Private Pavilion is comparatively small, and cannot to any extent be depended on for the maintenance of our institution.

CONVALESCENT HOMES.

One of the important factors in Hospital work today is the establishment of Convalescent Homes. From every point of view—that of the patient, that of the community and that of the Hospital administration—these branch institutions in the country are of incalculable benefit.

Our Superintendent, Dr. Goldwater, has written a very able and convincing article on this subject. His pamphlet has received much attention from the managers of Hospitals both here and abroad—especially in England, where convalescent homes have been very successfully introduced in connection with hospital work.

The article is too long to quote here in full, but for public information we make a few excerpts from among its salient paragraphs.

The proposed plan of building a country branch for every City Hospital is considered—first, from the standpoint of construction—second, of its effect on maintenance charges—third, of its value to the patient—fourth, of its social significance.

Dr. Goldwater estimates that the cost of construction tends to approximate \$4,000 for each bed in the hospital. This computation, of course, takes into account the expense for accommodation for the entire staff of doctors, nurses and employees, for all the outfits for ventilating and sterilizing, beside the other appurtenances required in a properly equipped hospital.

“The significant fact”—he goes on to say—“is that in the average general hospital, and I think I may say in every general hospital, much of this space-demanding and money-consuming paraphernalia is not subjected to that constant usage for which it is fitted. Operating rooms are used but a few hours in the day; laboratories, similarly, are subjected to only part time service; indeed, the whole complicated machinery is adapted to the needs of as many acute cases as there are beds in the hospital, and yet a large proportion of these beds are actually used month

after month by a succession of patients who, economically and clinically, are fitted for an entirely different environment."

Dr. Goldwater, with all the necessary data, then goes on to show that could all the convalescent patients be removed to a country branch, a building fund of \$1,000,000, which, invested in a single city institution, will provide for but 250 patients, when thus invested, as it should be, in a City Hospital with a country branch, would provide for 300 patients.

On the score of maintenance charges, Dr. Goldwater says that the convalescent patients, who, in the City Hospitals, require per day no less than about \$2.25 per capita, in the small and inadequate convalescent homes which have already been established, require but \$1.25 per capita per day, or, that while at the main branch of the Massachusetts General Hospital, the average weekly per capita cost in 1904 was \$16.95, at its country branch the cost was less than half that sum, or \$7.88. The prevailing or single hospital system, Dr. Goldwater concludes, on more than sufficient evidence, furnishes high class service for patients who do not need it, and a waste of capital and labor results. By the adoption of the proposed dual hospital system, this waste can be avoided.

Dr. Goldwater next points out the benefit from the point of view of the patient. Our attention is called to the unavoidable general tendency to curtail the period of hospital treatment.

"The pressure of fresh cases seeking admission to hospitals cannot, with our present facilities, be withstood and the convalescent is compelled to suffer the consequences. But each general hospital, if strengthened by a convalescent branch, will be able to increase the duration of treatment of its patients without substantially increasing its expenditures; and this will tend to substitute perfect restoration to health and strength."

In one sentence, he sums up the advantage of the proposed plan to society in general.

"Thousands of patients, after their discharge from hospitals, remain socially and industrially unfit for many years, and perhaps forever. Not the least important function of the proposed country branch hospitals, therefore, will be to save to the community all this wasted human life."

Dr. Goldwater's pamphlet is so concise that we find it diffi-

cult to make mere extracts. We have tried to give a general outline of his conclusions merely. For the evidence and arguments, we refer those interested in hospital work to the article itself.

ACKNOWLEDGMENTS.

Though we may fail in our annual record to find expressions other than trite, our sense of obligation to our generous friends remains keen and alive.

Surely in the case of Messrs. Hoadly, Lauterbach and Johnson, our unwavering champions and unalterable benefactors, our feeling of obligation but deepens as time goes by. For more than a score of years, their valuable services have been ours for the asking. It is difficult to estimate how large a share in the development of Mount Sinai Hospital is attributable to the generosity of these gentlemen. Our most unqualified expressions of thanks must seem small in comparison with the favors which we have received at their hands.

On behalf of our Jewish patients, we desire to express to Rev. Dr. A. Blum, representing the Jewish Board of Ministers, and in the name of our Catholic patients, to the pastors of St. Cecelia's Church on E. 106th St., our thanks for their ministrations.

We offer our grateful acknowledgments to the Hon. Herman A. Metz, Comptroller, to the Hon. Robert W. Hebbard, Commissioner of Charities, as well as to the Hon. Geo. M. Meeks, Superintendent of the Outdoor Poor Department, for courtesies shown; to the Hon. Theodore Bingham, Commissioner of Police, and the St. John's Guild for favors extended.

Our patients have received and enjoyed daily, weekly and monthly journals, which offer a most welcome diversion for the dull hours of the sick room. We beg the editors of these publications to accept our thanks for their helpful donation.

Many other good friends have, during the past year, given us practical proof of their interest in our work. A detailed list of these donations appears elsewhere in this report.

And finally, I feel that I myself have received such kindness and assistance from the members of our Board, that I cannot re-

frain from addressing to them a word of deep appreciation. They have worked with such harmony—vying with each other only in service to the Hospital—with such unselfish zeal and such ability, that it seems to me most fitting to offer them my warmest thanks for their friendship to me and for their faithful stewardship of the great trust placed in their hands by you.

The past and the future—far and wide apart like the two shores of the great ocean—are indissolubly bound together by the present. Like time, its constant ebb and flow bear a message from one to the other, and create the civilizing influence of the present upon the generations which will come after us. Thus, our journey upon the ocean of life has deep significance for us as well as for those who will succeed us. We, too, have had transmitted to us from the past, a message of duty—a heritage for which we are responsible. Upon our activities and progress—upon the performance of our duties towards others, depend the advance to be made in the future. Let us work in the consciousness that our efforts will be doubly blessed if we prove ourselves trustworthy bearers of the obligations placed upon us by generations which have preceded us, in succoring those who, in frailer barks than ours, have encountered stormy seas, and whose skies have been darkened by overhanging clouds.

And, in this mission of human life—as a beacon light on the shore, Mount Sinai stands to guide and protect the unfortunate mariner.

Firm in its foundation, like the rock of ages, may it, with the blessings of a Divine Providence, stand for all time to come—a blessing to those who founded it in the past—to those who maintain it in the present, and to those to whom it will be transmitted in the future.

Respectfully submitted,

ISAAC WALLACH,

President.

Extracts from the Constitution on Perpetual, Memorial and Life Beds.

- A Contribution of \$1,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.*
- A Contribution of \$2,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of not over fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.*
- A Contribution of \$5,000 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1st, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.*
- When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.
- Tablets to commemorate the Endowment of Life, Memorial and Perpetual Beds shall be placed in the ward selected by the donor, subject to the rules of the Hospital. Tablets for Life Beds shall be maintained during the life of the donor. Tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment—such period, however, not to end before ten years from the death of the donor. Tablets for Perpetual Beds shall be maintained in perpetuity.
- A donor may change a Life Bed endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.
- No patient shall occupy a Life, Memorial or Perpetual Bed unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.
- An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.
